14 Agencies Discuss Disaster Agreements

Newton's Disaster Agreement for emergencies concerned with fewer than five families was reviewed and revised this past week at a meeting held at the Red Cross Chapter House, under the leadership of the Community Council's Vice President Mrs. Philip A. Segal.

Attending the meeting were representatives of most of the fourteen city departments, Red Feather agencies and organizations who are participants in the agreement, which was last reviewed three years ago.

The Red Cross, under Congressional Charter, is responsible for catastrophes affecting five or more families. Emergencies involving less than five families, which usually do not disrupt a community, are the responsibility of the existing community agencies.

This present Disaster Agreement for emergencies concerned with fewer than five families defines the job to be done by each of the fourteen organizations participating in the agreement. The Newton Police and Fire

Departments have agreed to notify Red Cross in the event emergency assistance is needed.

POLITICAL HIGHLIGHTS

State Budget Row Producing More Noise Than Economies

Despite all the furore and excitement caused by bitter budget battle on Beacon Hill, it appears highly unlikely that the House of Representatives will slash proposed expenditures sufficiently to balance the budget.

When the heated budget row finally comes to an end, it will leave tempers high, nerves frayed and many feelings bruised, but it probably also will leave an unbalanced budget.

An analysis of what has happened to date on the budget and what can be expected to happen indicates that when the fire and fury subside and the budget clears the House it will be out of balance by many millions of dollars.

If that proves to be the case, the Legislature still would be confronted with the necessity of enacting additional taxes.

Rapid Transit Service To Newton Starts July 4

MTA rapid transit service to Newton over the old Highland Branch line of the Boston & Albany railroad will start in about one month, according to present indications.

Work on the conversion of the former railroad line to rapid transit use is now nearing completion.

Chairman Anthony D. Pompeo of the MTA Board of Trustees declared at a recent Boston College seminar that the Newton rapid transit service would begin July 4.

Since that is a holiday and comparatively few persons would be travelling on the line, the likelihood is that the first full schedule of runs will be made about Monday, July 6.

Colorful Parade Marks Holiday

Laud Dulles, Hegler

The late John Foster Dulles and his successor as Secretary of State, Christian A. Herter, were lauded at stirring Memorial Day exercises in Newton last Saturday.

U. S. Senator Leverett Saltonstall, who was making his 38th appearance at Newton Memorial Day ceremonies, and Congressman Laurence Curtis, paid special tribute to Dulles and Herter for their efforts toward freedom and a just peace.

Special exercises were held at the War Memorial at City Hall, the GAR monument and the Veterans' Lot in Newton Cemetery.

Sen. Saltonstall spoke at the GAR monument, and declared that Secretary Herter is in Geneva "seeking a greater opportunity for peace in the world for those who love their freedom."

Rep. Curtis spoke at the Veterans' Lot and maintained that Dulles "made the supreme sacrifice in his country's service just as truly as those whom we honor today."

An estimated 20,000 spectators viewed the colorful four-division parade. There were 50 units in the line of march, including the famed U.S. Marine Band from Quantico, Va., veterans' groups, federal, state and city officials.

Mayor Howard Whitmore, Jr., who also spoke at the Veterans' Lot, asserted we must stress the "more fundamental moral principles upon which our real strength lies."

Mario DeCarlo, adjutant general of the parade, opened the exercises at the Veterans' Lot. The National Anthem was played by the Newton High School Band.

Features of the parade were the Marine Corps Band, detachments of the Army, Navy and Coast Guard, Police and Fire Department units, Red Cross and Civil Defense disaster units, National Fire Museum display, the National Lancers, and boy and girl marchers.

GEORGE L. WHITE

Alterations Underway To Improve Bank

Alterations are underway at the 637 Main street office of the Newton-Waltham Bank and Trust Company in Waltham.

George L. White, president of the bank, stated this week that the proposed changes will include a complete remodeling of both the exterior and interior.

The main lobby will be altered considerably in order to provide more space for the bank's rapidly increasing number of customers.

These renovations will insure more convenience and greater serviceability. Several new offices will be installed on the second floor.

"We have had several architects studying the building," said President White in discussing the changes. "It has been found that although the building is old, it is in a remarkably sound condition. Otherwise we would have given consideration to erecting a completely new building."

President White told The Graphic that the alterations are expected to be completed in the fall.

With the assistance of Miss Mary Baker, school art consultant, Miss Elliott presented an exhibit of children's art arranged by age groups.

President Berman announced that a bicycle clinic will be held at the school in the near future with Officer Charles Feeley demonstrating the do's and don'ts of bike riding.

Political Highlights

(Continued from Page 1)

mindful members of the House have been doing just about everything except sell the gold in the State House dome for scrap metal.

The fact of the matter is that when the shouting and the hair-pulling have ended, the budget bill probably will call for the Commonwealth to pay out far more money than it will actually have to spend unless new taxes are voted.

It may also surprise many readers to learn that the present budget in all likelihood will not be cut nearly as much as was Governor Furolo's first budget back in 1957.

What this all adds up to for the Legislature is a long, hot, tempestuous summer of wrangling over and wrestling with the State's financial problem.

Any idea that the legislators are going to pare this budget to the point where new taxes will be needed, then clear their desks and go home by the end of the month, now seems to be so unrealistic as to be absurd.

This is what may be expected in the way of developments on Beacon Hill.

The House probably will cut somewhere between \$5 million and \$10 million from the budget. (Some of those slashes will later be restored.)

The Senate will go along with the budget reductions made by the House and may even make a few of its own.

Governor Furolo will hold up the budget when it reaches him and refuse to sign it until he sees where the money is coming from to pay the bills.

Unless there is a shift in sentiment, the sales tax bill undoubtedly will be defeated in the House, at least the first time around.

Furolo then may do one of two things: 1. Invite the Legislature to consider the tax program backed by Lieutenant Governor Robert F. Murphy and the ADA. 2. Or suggest that the Legislature itself come up with a plan for providing a source of revenue from which the State could get the money it needs.

There is practically no chance whatever that the Murphy-ADA plan will be approved and just about as little possibility of the Legislature advancing any scheme of its own.

After it becomes apparent that there isn't any painless way of extracting money from the taxpayers, Governor Furolo presumably will submit the sales tax to the Legislature a second time.

Furolo is not a Governor who hesitates to send a bill back to the Legislature merely because it previously has been rejected. He submitted his income tax withholding proposal three times last year and saw it defeated three times before he finally gave up the fight.

During the battle over raising the money to balance the budget, Furolo also undoubtedly will seek to have some of the slashes made in appropriation items restored.

There is a phony thing to the so-called budget-cutting spree in which the members of the Legislature are a sales tax, a higher income tax or some other impost.

Governor Furolo repeatedly has made it plain that he will not sign an unbalanced budget. Were he to do so, he would be building enormous problems for himself and risking possible financial chaos in 1960 — an election year.

All this may come to something of a shock to those persons who may have gathered the impression from the reports from Beacon Hill that in order to curb expenses and avoid new taxes, economy-

House have been engaging.

What some of the budget-cutters really have been trying to do is not so much to trim expenditures as to adopt a 10-month budget.

In other words, they would provide enough money to finance the operations of the State until next May 1 and would gamble on finding funds somewhere to pay the bills for the last two months of the fiscal year.

That is not a very business-like way of running a State. But it is what has been done for the past several years in Massachusetts. And some legislators concede privately that it is what they have in mind doing this time.

They say, for example, that maybe the income withholding returns will be greater than expected and that additional money might be available from that source.

Governor Furolo quite understandably is not at all enthusiastic about trying to balance the State's budget next March or of risking the possibility of payless pay days if it develops there isn't enough money to carry the State through the last two months of the fiscal year.

Whatever mistakes Furolo and his advisers have made in dealing with the Legislature, he certainly will be on sound ground in insisting that the budget be balanced.

Meanwhile, the budget session of the House is producing more noise and tumult than bonafide economies.

Volpe Question Mark In Republican Picture

Now that former State Public Works Commissioner John A. Volpe has completed his term as head of the Greater Boston Chamber of Commerce, political experts are wondering if he will launch a drive for a place on the Republican State ticket in 1960.

Present indications are that Congressman Laurence Curtis, who is following in the political path of Secretary of State Christian A. Herter and represents the congressional district served for a decade by Herter, is the No. 1 GOP gubernatorial choice.

Curtis, however, has intimated that he is not disposed to battle for the right to run as the Republican candidate for Governor. It is generally assumed that he will get the nomination without opposition unless Volpe decides to challenge him. Should this happen, other contenders might pile into the contest to make it a free-for-all scramble.

Rev. Gundlach Resigns, Leaves Two Vacancies

The Newton Council of Churches is confronted with the task of obtaining a new president, and the Lincoln Park Baptist Church in West Newton must find a new minister.

These developments came following the surprise announcement on Sunday by Rev. Russell E. Gundlach that effective July 1 he would become minister of the Lakewood Baptist Church at Warwick, R. I.

Rev. Gundlach, pastor of the Lincoln Park Church since March 1, 1951, was elected only two weeks ago as President of the Newton Council of Churches. He was vice president last year.

The Council, at a meeting in the near future, either can elevate the vice president to the vacant presidency, or elect a successor to Rev. Gundlach.

Also, the congregation of the Lincoln Park Church is likely to follow the normal procedure of appointing a Pulpit Committee to find a new minister.

Mr. Gundlach served the Parkside Community Church in Providence, the First Baptist Church in Baldwinville and the First Baptist Church in Peabody before he came to Newton.

Mahoney's 71 Wins BC Golf Net 1st Prize

Fred Mahoney of Newton, representing the Boston College class of 1925, toured the Commonwealth Country Club Monday in 71 to win first net with 62 strokes in the first annual Eagle Alumni Golf Tournament.

Although a strike under par, it wasn't enough to match the 37-33-70 effort produced by Herb "Ducky" Mallard, representing Needham and the class of 1939, who won the Class A gross prize.

It was the first golfing get-together of B.C. graduates, and brought out a field of 76 ranging from the class of 1916 to 1958.

The Monday evening performance of the one-week engagement will be donated to the rebuilding fund of the Church of St. Matthew and the Redeemer, South Boston, which was destroyed by fire on March 4.

Advance reservations are being accepted at the North Shore Music Theater Box 62, Beverly, for this event as well as for the Theater's regular subscription series of eight Broadway shows opening June 21 with "Lil Abner."

Under his administration two successful building campaigns have been undertaken. Shortly after he came a program of reconstruction of the church school rooms was completed and the long standing mortgage was paid off. When fire destroyed the church building three years ago his leadership helped to carry through a rebuilding campaign which has given

United Fund Volunteer Committee Formed Here

The United Fund Volunteer Committee, a new organization formed in Newton, will be devoted to keeping this city and its citizens informed of all activities of, and benefits from, the United Fund.

The committee met for the first time recently at the home of David Berkman, president of the Newton Bos Club, at which time Mrs. Milton H. Anderson, United Fund campaign manager, outlined the work and goal of the new group.

The volunteer committee is primarily an advisory group to the presently organizing campaign committee and will function as a liaison between the town and the United Fund on a year-round basis, also assisting in the selection of a Campaign chairman.

Made up of leaders from

the United Fund and participating agencies (including Red Feather, Red Cross, and the Salvation Army) as well as civic leaders and representatives of service organizations, the committee will help maintain a two-way channel of communication between Newton and the U.F. It will serve to keep the town informed of United Fund plans, and the Fund informed of local opinion and attitudes.

Officers elected at the first meeting were Felix W. Knauth, chairman; Victor M. Kumin, vice chairman in charge of public relations; and John Crosby, secretary.

Members of the Volunteer Committee are: Frederick G. Fisher, Harry L. Walen, Edward Michaud, Mrs. Edward G. Huber, Anthony Jauregay, John J. White, Dwight Colburn, Phillip Brown, Charles Garfinkle, Robert Slaney, Philip Cacciatore, Alex Miller, Robert E. Mitchell, John S. Stevens, Mrs. Morgan S. Campbell, Richard White, Justin Horan, Ray Cook, Robert Clinton, Warren C. Sylvester, Robert Tennant, H. D. Purple, Norman M. Dow, Dr. Neil W. Swinton, and David Berkman.

Bible Prof. Off For Near East Digging

An associate professor of Old Testament at Boston University's School of Theology will be busy during his summer vacation this year.

Dr. H. Neil Richardson of 168 Mt. Vernon St., Newtonville, will be occupied by an archeological "dig" and an international religious congress.

Rev. Dr. Richardson left Boston this week on the first leg of a trip to the Near East, where he will participate in a 10-week excavation at el-jub (Old Testament Gibeon) in the Hashemite Kingdom of Jordan. This will mark his second summer on the staff of this excavation.

Before returning home early in September, Dr. Richardson will attend the Third International Congress for the study of the Old Testament to be held in Oxford, England.

In 1957-58 he was director of the American School of Oriental Research in Jerusalem. He is a veteran of many excavations in the Near East.

Newton Student To Take Part In Europe Tour

Miss Carol Chandler, daughter of Mr. and Mrs. Louis Chandler, of Balpat Hill, Newton Centre, has been selected to take part in the Tri-Nation Tour program of the United States National Student Association.

She will leave for Europe on June 27th and will spend the summer there with college students from all over the country. The students will visit Holland, Switzerland, Germany, Italy and France among others. They will return to the United States on September 9th.

Miss Chandler is a Newton High School graduate this year; she will enter Vassar College in the Fall.

"Wild West" To Feature Bowen School PTA Fair

The "Wild West" motif will prevail at the Bowen Round-Up to be held Saturday, June 6, at the Bowen School Playground, Cypress street, Newton Centre, starting at 10:30 a.m. A bicycle will be awarded as a door prize to some boy or girl in attendance.

A full day of fun is planned with cowboys and Indians whooping it up, and with pony rides, races, fortune telling, refreshments, cake sale, white elephant, and other features highlighting the program.

Mr. and Mrs. Samuel Sacks, general chairman, announce that in the event of rain the event will be postponed one week to June 13. This is the major fund-raising project of the Bowen PTA and is enthusiastically received each year.

The six-hundred-family Oak Hill Park Association last week elected its officers and board of directors for the 1959-1960 season. Good weather prompted a record number of voters to attend the meeting which was held at the Memorial School in Oak Hill Park, according to Edwin M. Shane, past president of the association and chairman of the nominating committee.

Shane, who lives at 118 Hanson Road, was presented a "Past President's pin" by Edwin M. Hallett Jr., this year's outgoing president, who extolled Shane for his unselfish efforts in behalf of the community.

Another highlight of the evening was a skit based on the Emmy Awards in which the association expressed its thanks to those behind the scenes at their recent hit production "Out of This World" which was presented last month at the Meadowbrook Junior High School. Alderman Ted Mann accepted awards for those who were not in attendance.

Attorney James P. Waters of 26 Shute Path was elected president of the association. He formerly served the park as a district director and was chairman of the safety committee.

Other officers elected are: Milton M. Fader, vice president; Barbara Segal, secretary; Sylvia Blair, treasurer; Sumner Miller, auditor. Directors-at-large are Mrs. Winifred Chesley and Milton L. Kay.

Eleven district directors, each elected by their own districts and listed in that order are: Kae-Ellen Englander, Connie Oliver, Ted Rosen, Charles Levin, Robert Cohen, Jean Lebow, Bernard Kadetsky, Sylvia Drapkin, Ruth Wheeler, Burt Jacobs and Irving Linkin. Attorney Alan S. Barkin will be the group's legal officer.

A joint meeting of the incoming and outgoing boards will be held next Monday evening at 8:00 P.M. in the Oak Hill Park Library. Committee chairmen will be named by Waters at that time.

ADL Council Elects Hanflig

Louis Hanflig of 18 Botsford road, Newton, was elected chairman of the Anti-Defamation League Committee of the Boston and North Shore Councils of B'nai B'rith at the annual meeting held recently at Hotel Beaconsfield. He succeeds David Berkman, also of Newton.

More than 150 delegates attended the meeting. The new officers were installed by Leon J. Kowal of 23 Stafford road, Newton, chairman of the New England Regional Board of ADL. Florence Cohen of Chestnut Hill was among those named to the Board of Directors.

House Plan-

Continued from Page 1

It is a way of organizing a school so there will be several small schools within a large school.

Q. What is the purpose of the House Plan?

A. The House Plan seeks to provide advantages of the small school while it retains advantages of the large school.

Q. What are the advantages of a small school?

A. In the small school there are greater opportunities for personal teacher-pupil, pupil-pupil and teacher-teacher relationships. The small school also allows greater continuity for the student

in his dealings with counselors or administrators. Similarly the small school provides increased opportunity for the average student to participate in or lead out-of-class activities.

Q. What are the advantages of the large school?

A. The large school can afford highly specialized physical facilities for the selective or advanced groups since the large student population insures their use for a full daily schedule. Then, too, teaching assignments in the large school, may be more specific to teacher preparation and interest with fewer assignments which cover several

subject matter fields or grade levels.

The more flexible student scheduling of the large school permits more effective to be offered and reduces the number of schedule conflicts. A large student population supports a more diverse extracurricular program and provides greater strength in selective or competitive areas.

Q. How many houses will there be at N. H. S. next September?

A. There will be six houses at Newton High School with a student population of about 500 in each house. Each house, a cross section of the school will have sophomores, juniors, and seniors of all curricula. In September, 1960, the new high school with three additional Houses will come into being.

Q. In what ways will a student be associated with a given House?

A. Each student will be assigned to a given House upon his entrance to the High School, and he will be a member of that House and of the same home room throughout his high school career. The 'housemaster' in charge of the given house (with the guidance counselor) will come to know him well and will be the administrator with whom he and his parents will have personal dealings.

It will be to his House office that a student will go for matters of attendance, counsel, discipline, general problems, etc. Parents, too, through the House office will have an opportunity to meet directly those who will have the responsibility for making decisions in regard to their sons and daughters.

Sophomores will be assigned to classes within their Houses for about a third of their time; juniors, a quarter of their time, and seniors for about a fifth of their time. However, each student will return to his House for study during his 'free' periods.

Q. Will there be House activities as well as all-school activities?

A. The details of House activities have yet to be worked out. It is planned, however, that each House will have, in addition to the all-school government, a House government. Perhaps some of the intramural sports program can be arranged through the Houses. Each House will be permitted some social activities of their own. On the other hand, through varsity sports, clubs, and class activities, students will still have many opportunities to meet students outside their own Houses.

Q. Are there any schools already operating under a House Plan?

A. Through the generosity of a Ford Foundation grant, Newton High School faculty members have had an opportunity to visit House Plan schools in Park Ridge and Evanston, Ill.; Hagerstown, Md.; Hampton, N. H.; Syosset, New York; and White Plains, N. Y.; Brookline, Mass. and Fairfield, Conn. Students from the latter two schools recently visited Newton High School to share with students and faculty their experiences

in the House organization.

Q. How will students learn to what House they belong?

A. Each student will be advised this summer by letter from his Housemaster of his House assignment and of his personal schedule of classes. Present sophomores and juniors will be assigned to Houses, in so far as possible, so their present guidance counselor will be the House counselor. Incoming sophomores will be assigned to Houses on an arbitrary basis.

Q. Will Faculty members be associated with a given House?

A. Each faculty member will have a special association with a given House, even though he may be teaching only part of his time in that House. Each House, made up of a cross section of the faculty, will meet regularly to consider matters relevant to its student population.

town guests aroused by two motel employees, groped through heavy smoke to safety from the third floor of the west wing, completed only two years ago.

Fire officials said the cause of the fire must have been a carelessly discarded cigarette in the suite occupied by an Illinois man who left early to catch a 5:30 a.m. plane.

Four Newton Residents Hurt In Accidents

Three Newton motorists and a bicyclist were among nine persons injured in a series of seven Newton highway accidents reported by the police traffic division over the weekend.

Thirteen-year-old Edward Clemon of 71 Morton St., Newton Centre, was treated at Newton-Wellesley Hospital for an ankle injury suffered in an accident with a car driven by a Connecticut resident at Ward and Waverly Sts., Newton Centre.

Mrs. Louise Cavanaugh of 18 Moffat Rd., Waban, was treated for a facial cut after her car struck a sign at the entrance to a parking lot in Auburndale.

The other Newton residents treated for injuries following accidents were Elinor G. Kaplan of 94 Longfellow Rd., Waban, and Mrs. Josephine Pozzi of 51 Cypress St., Newton.

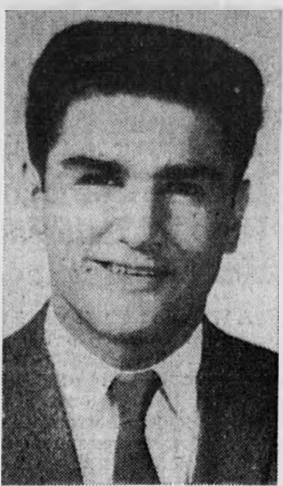

Thirteen students were graduated with honors, including Ernest E. Dunbar, of Newton Highlands, permanent secretary of the class and ranking scholar, and France Celli, of Ofena, Italy, who came to this country in the summer of 1957.

Dr. Seymour E. Harris, Littauer Professor of Political Economy and chairman of the Dept. of Economics at Harvard, was the Commencement speaker.

Dr. Franklin Powers Hawkes was the speaker at the College's baccalaureate exercises held last Sunday. Director Walter M. Centennial Class Of 1959 Graduated 870 Sunday

The largest senior class in Newton High School history—numbering 870 blue-robed boys and girls—was graduated in stately and impressive ceremonies held at Dickinson Stadium on Sunday night.

Approximately 5,000 parents, relatives and friends looked on proudly as School Committeeman Manuel Beckwith presented diplomas to the members of the high school's 100th graduating class.

More than two-score scholarships, prizes and cups were presented to seniors who had achieved outstanding records.

Originally scheduled for Saturday night, the graduation exercises were postponed until Sunday because of the thunderstorm which swept the area.

Superintendent of Schools Eric N. Dennard, in addressing the graduating seniors, told them it is not inconceivable that some of them during their lifetime will visit other planets of the universe.

"Can you imagine the changes which might take place if it is discovered that several other planets are inhabited by human life and that by means of transportation, there might be an interchange of population?" Superintendent Dennard asked.

He referred to schools as "launching platforms sending

"You will go into the records as the centennial class at Newton High School," he informed the rows of blue-robed seniors, adding that the first graduating class at the school consisted of four girls.

"We present the members of this class as representing the best of 100 years of progress of high school education in this community," stated Superintendent Dennard.

One of the most coveted awards, the Meserve Fund Scholarship, went to Thomas H. Martin, president of the National Honor Society. It was presented to Martin by Carl F. Schipper, Jr., a member of the class of 1952. The scholarship is given in honor of Charles D. Meserve a be-

Legislative Impasse Seen If Senate Slashes Budget

If the State Senate now were to make any heavy slashes in Governor Furcolo's budget, an impasse would be very likely to develop between the two branches of the State Legislature.

In the event that such a deadlock occurs, it is extremely improbable that the budget could be approved before the start of the next fiscal year on July 1.

That is one of the problems confronting legislative leaders on Beacon Hill as they await

the start of the budget debate in the Senate.

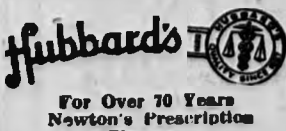

Having approved the budget with only a very light trimming, after all the screaming, shouting and blazing headlines of meat-axe economies, the House members would be made to look a little silly if they had

Bloodmobile Comes To Waban On June 17th

Chairman John N. Sullivan of Public Information, Newton Chapter of the Red Cross, announced today that Waban families will have an opportunity to protect themselves for the ensuing year.

The Red Cross Bloodmobile is scheduled to visit the Waban Neighborhood Club on Wednesday, June 17, from 12:45 to 6:35 p.m.

Every attempt is being made to contact each family, Sullivan said, to explain how a pint of blood voluntarily donated will assure the donor and members of the immediate family all of their blood needs for the entire year.

"Forty-five minutes of your spare time can mean so very much to you and your neighbors when an emergency or illness strikes the community," Sullivan said. "Please call the Chapter House, LA 7-6000 for an appointment."

Hey Skinnay! Crystal Lake Is Open Saturday

The Newton Recreation Department announced today that the Crystal Lake swimming season opens this Saturday, June 13, at 2 p.m. The facilities will be open until 6 p.m.

The City Health Department under direction of Dr. Harry T. Phillips has conducted water tests periodically during the past several weeks.

All persons who plan to use the Crystal Lake bathhouse and public facilities must have a permit and must check through the bathhouse.

No swimming is allowed from the park area on Lake avenue, or from any of the railroad property between Centre street and Rogers street.

Control of swimming off private property is the sole responsibility of the property owner. For the protection and safety of the children, property owners should not allow swimming from their property without proper supervision.

Recreation Commissioner C. Evan Johnson announced that the Department makes use of a restricted swimming area with a full complement of 16 life guards.

Comr. Johnson announced the Crystal Lake facilities will be open Sunday from 2 to 6 p.m. and daily Monday from June 15 to June 19 from 2 to 8:30 p.m.

Beginning on June 20 the facilities will be open daily from 9 a.m. to 8:30 p.m. until Labor Day. The schedule provides for swimming on Sunday afternoons only from 2 to 6 p.m.

Comr. Johnson requested cooperation of the swimming public, since the Recreation Department issues about 11,000 swim permits each season for Crystal Lake. Most permits are purchased by school children.

"It will be most advantageous to them and to us if they can purchase their permits prior to the opening of Crystal Lake," the Commissioner's announcement said.

"We hope to avoid congestion and long waiting at the lake by having the preliminary sale at the Crystal Lake bathhouse and at the Recreation Department at City Hall."

Season swim prices are students 50 cents, adults \$1.

Comr. Johnson also reported that the 1959 spring season has shown a marked increase

in use of playground facilities which has been accompanied by greater participation and attendance figures.

The 1958 attendance record of 1,750,000 will be surpassed in 1959 "if the spring figures so far are indicative of what can be anticipated for the remainder of this year," the Commissioner said.

"Request for use of the facilities," Mr. Johnson said, "have been so great at times that some requests could not be granted and later dates had to be arranged."

"I do not think that our permit system for the use of facilities serves to meet the needs of the various groups in the most equitable way."

"Many non-resident groups that have applied for the use of the facilities, though not granted, have been helped as we have served as a clearing house to suggest other recreation facilities that are available in surrounding communities."

Recreation facilities available for spring use are:

32 playground areas, 5 junior high fields, 30 clay tennis courts, 15 black top courts (all weather courts) 16 girls' play fields, 20 baseball diamonds, 4 little league baseball diamonds, 45 junior or softball diamonds, 12 outdoor basketball courts, 18 fireplaces, 1 archery range, 1 fishing area at Crystal Lake, 5 recreation buildings and 6 comfort stations.

A study of the use of recreation facilities shows that the varied outdoor programs attract more participants than spectators. The age level consists of youngsters, teen-agers, young adults and adults with more family group recreation a growing factor.

Thrill to your state's heroic past

No state is so rich in historic and recreational advantages as your own state of Massachusetts — and for a starter every Massachusetts resident should visit Concord and Lexington and thrill to the memory of America's heroic past... and most everywhere in this great state you will find fine, hospitable inns, hotels, restaurants and taverns ready to serve you with a friendly, refreshing glass of Beer or Ale.

The Beverages of Moderation

As you enjoy these traditional beverages, you are actively participating in benefiting the welfare of every resident in the Commonwealth — you are also helping to provide jobs for over 10,000 Massachusetts persons whose activities are associated with the industry. By your purchases of Beer and Ale during 1958, you were a contributor to the vast sum of \$23,441,548 paid in taxes to the Federal Government as a result of the sale of the products in Massachusetts...

HERE'S WHY: "Rambler is a well-made, efficiently designed, comfortable car with outstanding structural strength and rigidity, smooth, quiet economical operation, outstanding maneuverability in traffic and parking, satisfactory roadability, ride and handling, competitive performance, good operating economy and very significantly low ownership costs—in short, it's our choice for overall best buy among U.S. cars."

● STYLING: "... has developed in just three years into one of the most attractive cars on the road."
● BODY DESIGN AND CONSTRUCTION: "Most evident is the solidity of the unit-construction body. On the road there is never a trace of annoying body shake or vibration."
● INTERIOR: "... an extremely comfortable car for all six passengers because the centers of both front and rear seats are not crammed down close to the transmission housing and driveshaft tunnel."
● HANDLING AND ROADABILITY: "... amazingly responsive and maneuverable at moderate speeds."

Hamilton School Bicycle Safety

Officer Charles Feeley of the Newton Police Department, and Warren Huston of the Newton School Department, organized and carried out a bicycle safety program at the Hamilton School recently.

This program was co-sponsored by the Hamilton School and the P.T.A. Safety Committee, Mrs. Clara Friedman, chairman.

The pupils of Grades 4 and 5 participated in the activities. First, the bicycles were inspected for safe riding. Many pupils were told to have brakes fixed or wheel chains tightened.

After a general discussion of the rules of safe bicycle riding, each group took a 2½-mile bicycle trip in the area of Hamilton School where they usually use their bicycles.

The trip included all the hazards the children would find as they ride near their school and homes.

The following parents and faculty also participated in the bicycle tours:

Mrs. Boylan, Mrs. Garfinkle, Mrs. Holden, Mrs. Rosenblatt, Mrs. Schofield, Mrs. Woodruff, Mr. Jackson, Miss Turner, Mrs. Shaw and Miss Chadwick.

loved teacher at the high school.

Mayor Howard Whitmore, Jr., presented the highly prized Senior Cups to Nancy Preston and Larry Yeo. The cups, donated by the Newton High School Alumni Association, are given each year to the graduating boy and girls who most nearly typify the ideal student in the eyes of the faculty and the class.

Yeo was president of the Legislature, president of his sophomore and junior classes, a member of the National Honor Society and a member of the baseball and basketball teams. Nancy Preston was also a member of the National Honor Society, secretary of the Newton High School Associates, a member of the Legislature for three years, a cheerleader and a staff member of the Newtonian.

Winner of the Dickinson Memorial Athletic award was Dominic (Buddy) Russo, a member of the baseball and football teams for three years and captain of the football team last fall. The cup is given to the senior who has shown the greatest improvement in athletics during his high school years.

Roy Fairweather was presented the William E. Connors Memorial Award, given to the senior boy who exemplified outstanding spirit in placing the team above himself.

Other scholarships and prizes were awarded as follows at the graduation rites:

The Rev. John A. Samuelson of the Newton Highlands Congregational Church gave the invocation to open the exercises.

Jerome P. Kenney, president of the senior class, presented the class gift, a sum of money collected over a three-year period which will go into the permanent Foundation Scholarship Fund established this year.

After two selections by the Appella Choir, School Committee Chairman Haskell C. Freedman introduced Superintendent Dennard who delivered the graduation address. The title of Dennard's speech was: "We Dare to Face the Future."

Harold Howe, 2nd, announced the awards of scholarships, prizes and the Dickinson Cup, and Mayor Whitmore, president of the High School Alumni Association, next presented the Senior Cups.

Superintendent Dennard, Principal Howe and Director Warren M. Switzer of the Newton Technical High School assisted School Committee-man Beckwith in presenting the diplomas.

At the close of the impressive program, the newly graduated seniors filed out of the stadium to the music of Mendelssohn's "Festival March."

TELEVIEWING THE NEWS

By LEE LOUMOS

The man who trained the world's most famous collie says it's better to stick with poodles. The collie is the hardest of all dogs to train . . . at least according to Rudd Weatherwax, who ought to know as he's the man who trained Lassie, a dog of considerable intelligence and acting ability. "They're intelligent, all right," he explains, "but on the other hand they're too sensitive and high-strung to take orders. A German shepherd, boxer, poodle or mixed breed will give you a much easier time. Lassie is the exception." Star of her own show on the CBS TV network since 1954, Lassie is viewed with equal interest by audiences in 22 foreign countries as well as by her legion of faithful fans in the U. S. and Canada.

Lassie is quite a traveler on her own. She averages better than 30,000 miles a year on personal appearance junkets, playing mostly state fairs and theaters. On special occasions, such as Toronto's Canadian National Exhibition, she has been seen in the flesh by as many as 50,000 persons in a single day. Lassie gets a relatively modest fee for a personal appearance—\$2500 for two shows a day and a pair of 20 minute acts that leave the audience captivated and enchanted. Most children rate Lassie second only to Santa Claus. Among children and adults alike Blytheville TV sets have earned top popularity. The combination of beautiful cabinets, superb engineering and fidelity of picture and sound makes Blytheville TV a "best buy." Before you buy any TV set be sure to come in for a demonstration of television reception at its best. But, in particular, call us NOW for Fedders room-air-conditioners—sales and service. Seek Zone Change At New Bank

The Newton Planning Board and the Aldermanic Claims and Rules Committee have taken under advisement the unopposed petition for a change to Business Zone of 232 Boylston St., Chestnut Hill, as the site for a new bank.

The two groups held a hearing jointly last night to hear arguments of Phil Fine of 42 Annawan Rd., Waban, an incorporator of the new Garden City Trust Co. He represented the Garden City Realty Trust and pointed out that this parcel of land is the only one left in Residential zone in the area.

James Hillard Cole of Newton Centre received a Scholarship Medal for the highest scholastic average in the Third Form at Prize Day exercises held at the Belmont Hill School. He also won the Helene Weiser Funk Award given in the Middle School for personal integrity, good citizenship and concern for the welfare of others.

a 1956 decision of the Superior Court ordering the Newton Board of Aldermen to grant permission for use of the building as a music school.

He said the lot contained 15,000 square feet of land, and there would be ample parking space for customers of the bank. The new bank must be open for business within six months, he said, and the building must be remodelled.

SCIENCE FAIR — Steven Gilman explains his exhibit on "Prehistoric Man" to Mrs. Harold Falkof and John Eisenman at the John Ward School Science Fair held June 1st. among the 2600 graduates receiving degrees.

Dean Graham presented his daughter Susan with a B.A. degree in history, from the College of Liberal Arts. Sonja MMuelder was graduated from the School of Education, but Dr. Muelder was close by on the platform and a mighty proud daddy to be sure.

Neither Susan nor Sonja admitted any particular problems while students at B. U. resulting from their fathers' positions on the faculty.

It's a fact that Susan, although a Liberal Arts student, never was a member of any of her father's classes and like any other student wishing to see the dean, had to make an appointment ahead of time.

Both girls resided in Boston while attending the university, perhaps because of their family tie to the school.

It was learned Sunday that both Dean Graham and Dean Muelder were careful to make it clear to their daughters when they entered Boston University that they would be treated no differently from other students.

The girls agreed to the conditions and admitted this week that they have been rigidly adhered to and that they had encountered no difficulties because of them.

However, neither of the faculty fathers have had any occasion to worry about the academic reputation of their daughters endangering the academic reputation of the university. Both girls have been Dean's List students.

Susan has been employed part time while at the University and paid many of her living expenses. She hopes to work in advertising in New York City for a year before re-

turning to B. U. to do graduate work for a Master's degree in history.

Sonja plans to work in speech and therapy for retarded children. This year she elected to take a social ethics course taught by her father. The course was not required but she had wanted to take a course with her father.

"I had heard a lot about him as a teacher," she said with a smile. "I thought I would like to see what it was all about."

Dean Muelder's only comment to his daughter was to tell her that she had done a good job.

Sonja was elected this year as national vice chairman of the student Y.M.C.A. and she is on the executive board of the Student Christian Association of Boston University. She is also a member of Pi Lambda Theta, national honor society for women in education.

Susan transferred to B. U. in her junior year from Duke University.

all golden anniversary activities.

Scouting's Golden Jubilee will be a year-long celebration marked by several great national events and by countless local celebrations. Locally, Nathan said, the celebration will recognize authorities and heads of local institutions for their help in making Scouting available to youth. During a nationwide TV network broadcast everyone in Scouting will dedicate himself to the Scout Oath and Law.

It is estimated that 33,500,000 different persons will have been identified with the organizations since its inception in 1910.

"The Boy Scouts of America has left a lasting impression on the life of our nation," Nathan said.

"Scouting has become a vital part of our American way of life. It merits the support and interest of every person, adults and boys alike, in celebrating this significant achievement for the youth of our land."

"We feel this anniversary must mark the beginning of a more aggressive effort to continue the program in its high efficient state and to reach the increasing number of boys who will be available due to our great population growth."

The first big affair will be Boy Scout Week from Feb. 7 to 13. In Washington, D.C., where the movement originally was incorporated, a selected Scout or Explorer from each of the 50 states will participate in activities with high officials representing all branches of the Federal Government.

Greater Boston leaders also will take part in the 50th annual meeting of the National Council to be held in Washington, June 1-4.

Local Boy Scouts, Explorers and adult leaders will be among the 52,000 expected to

Political Highlights

any heavy budget slashes forced on them by the Senate.

As the decks are cleared for the budget battle in the Senate, it is well to remember that unless the House concurs in the action taken by the Senate, the budget would be stalled in the conflict between the two legislative branches.

Neither legislative chamber can actually do anything unless the other one assents. The House can't approve the budget unless the Senate also acts favorably on it, and the Senate can't make deep cuts in the budget unless the House accepts them.

If the Senate makes staggering slashes in the budget and the House concurs, it would be tantamount to an admission on the part of the House members that they should have reduced the budget more sharply in the first place.

If the Senate makes only moderate cuts in the budget, it would mean that some new tax — either a sales tax or some other impost — would have to be enacted to give the State enough money to pay its bills. When the House adopted the Governor's budget and sent it to the Senate after trimming only \$1.4 million, a majority of the members in the lower legislative chamber in effect committed themselves to enacting either new or additional taxes.

What now happens to the budget in the Senate will depend upon a small group of Democratic Senators who, in effect, will hold the balance of power.

The Republican minority in the Senate undoubtedly will endeavor to make deep cuts in the budget.

Wansker Flies To Europe On NATO Affairs

A Newtonville procurement consultant is in Europe where he attended the Atlantic Congress in London, England, as a member of the United States delegation, and then went to Germany.

Mr. and Mrs. Harry A. Wansker of 195 Mill St., left New York by air on June 3. The Congress was held from June 4 through the 8th.

Mrs. Wansker is due to return home today so she can attend the graduation of their daughter, Linda Jane, from the University of Vermont this Sunday, June 14.

Wansker was a member of the committee to discuss "Freedom of Trade and the Stability of Exchange." Other members of the committee were Percival Brundage, Lewis W. Douglas, Mrs. Clare Hoffman and John I. Snyder.

The Atlantic Congress was initiated by the Third NATO Parliamentarians' Conference in a resolution of its Political Committee which it unanimously approved on Nov. 16, 1957. Nine members of the U. S. Congress have attended since 1955, as provided by law.

The purpose of the Atlantic Congress is to consider means of furthering economic and political affairs among North American and European member countries of NATO, and the underdeveloped countries outside the area of NATO.

Wansker was invited by the German Atlantic Treaty Association to spend four days in Berlin and Dusseldorf. He also will see Rear Admiral John A. Snackenbergh in The Hague. Admiral Snackenbergh was commandant of the First Naval District before he went to The Hague in 1958.

The Newtonville man will spend three days in Paris as guest of Gen. Lemuel Johnson, Air Deputy to SHAPE and of Paul-Henri Spaak, Secretary-General of NATO.

POLITICAL HIGHLIGHTS

Kennedy Hopes Will Rest On Big Gambles Next Year

One of the surprising things about Senator John F. Kennedy's drive for the Democratic Presidential nomination is that so far he has been unable to attract the support of any of the top party professionals outside of Massachusetts.

The reason that is surprising is that virtually every poll which has been taken to ascertain public sentiment has shown Kennedy to be out front in the Democratic Presidential race.

Yet, there has been no rush by the pros to clamber up onto seats on his bandwagon.

Some of them, of course, are sitting back waiting to see what happens when the Presidential primary battles are waged next spring in those states where the voters have an opportunity to indicate their preference among the candidates seeking to run for the Presidency.

Others, however, have given some indication of lying up behind such darkhorse contenders as Senator Lyndon Johnson of Texas and Senator Stuart Symington of Missouri, neither of whom has shown

anywhere near the strength of Kennedy.

Two-time loser Adlai Stevenson, who has repeatedly written himself off as a Presidential prospect for 1960, is the man of the top party professionals running second to Kennedy on most of the polls. Stevenson's greatest support comes from the west, Kennedy's from the east, as must be expected.

What that probably means is that Kennedy is going to have to gamble on Presidential primary fights next year in some states where a victory for him would be spectacular enough to make a real impact on the pro-

Gibbs To Be Ruled Winner In Disputed Senate Battle

Newton's Election Practices Will Draw Sharp Criticism

State Senator Donald L. Gibbs of Newton will be officially declared reelected in the very near future — more than seven months after the actual election was held — The Graphic learned today.

That action will resolve a bitter dispute which began last November and in January was carried to the State Senate for settlement.

The Newton Solon has been serving in the Senate pending the clarification of his status.

Gibbs' margin of victory over John F. Mella of Brighton will be somewhere in the vicinity of 200 votes.

A special five-member Senate committee, which held a series of hearings on challenged ballots and other issues

arising from the Gibbs-Mella battle, has concluded its deliberations and is now preparing its report for submission to the full Senate.

That report, it was learned, will recommend that Gibbs be ruled the winner over Mella.

Gibbs, it is understood, will lose a handful of votes under the findings of the Senate committee, but he

held a 231-vote lead over Mella when the committee began its hearings.

While the Senate has the power to overturn the committee report, it appears virtually certain that it will accept the report and will affirm the election of Gibbs. The Democrats hold a 32 majority on the committee.

Senate President John E. Powers promised last January that the Republican Gibbs would be given fair treatment and would not be steamrollered out of office by the Democratic-controlled Senate. Powers has kept his word.

When it finally settles the Gibbs-Mella fight, the Senate committee will sharply criticize the election practices of Newton.

School Board Position Backed By PTA Council

Newton PTA leaders went on record this week with a resolution endorsing the fiscal independence of the Newton School Committee.

Incoming PTA presidents, retiring presidents, and the executive board of the Newton Council of Parent Teacher Associations at a joint meeting drew up the following resolution:

"Whereas fifteen Newton taxpayers have brought a petition in equity requesting the Court to order the City of Newton to restore the amount of \$1100 which the Board of Aldermen has refused to appropriate pursuant to the requests and estimates of the Newton School Committee for the operation of the schools during 1959;

"Whereas the Board of Aldermen has passed restrictive riders on the \$8400 appropriation for out of state travel for the current year;

"The Newton Council of P.T.A.'s wishes to go on record as favoring the principle of fiscal independence of the Newton School Committee in its operation and administration of the school system."

The Council also commended the "devoted and conscientious" service performed by the Newton School Committee in its continued sound operation of its schools.

Further business on the PTA Council agenda included a report from Mrs. Abraham Karff, chairman of the Council Library Committee. She read twenty-one recommendations which her committee of PTA Library chairmen drew up after reviewing library conditions in both public and school libraries. These recommendations will go to the school committee, and copies will be available from the School Department. The need for city-wide coordination was stressed. A. William Kunkle, Public Library coordinator, said it was "gratifying to see groups of citizens immersing

Teachers Offer Sick Leave Plan

The Newton School Committee has taken under consideration a cumulative sick leave plan proposed by the Newton Teachers' Federation, which was presented Monday night by William B. Blount, head of a faculty committee on sick leave.

Newton does not now have a cumulative sick leave plan. The Teachers' proposal would begin at 10 days per year and accumulate to 100 days, maximum.

Supt. Eric N. Dennard told the committee he believes a cumulative sick leave plan would tend to decrease absenteeism.

Newton Woman Is Wellesley Alumnae Head

Mrs. John E. Eaton, Jr., of 91 Intervale road, Newton Centre, was elected treasurer of the Wellesley College Alumnae Association at the 79th annual meeting held last Saturday on the campus at Wellesley.

It provides for a maximum of six stories for apartment houses in Residence "F" zone, except with permission of the Board of Aldermen, who may allow higher buildings.

The new proposal contains suggestions made by Board members who have studied the plan for two months.

The Board also studied a new garden manufacturing zone recommended by Mayor Whitmore. The proposed "Limited Manufacturing District" recommended by the Mayor is subject to approval by the Board of the Residence "F" District for "high rise" apartments.

Section 23.7A of the Newton Zoning Ordinances would provide for the new manufacturing zone for 23 listed purposes and for "any use and accessory purposes related or equivalent to any of the listed uses, subject to approval by the Board of Zoning Appeals."

Political Highlights

(Continued from Page 1)

professional politicians in the Democratic party.

He'll have to put his prestige on the line in states such as Wisconsin, Oregon, Ohio and California.

If he wins his share of the battles, his campaign could pick up such momentum that he might steamroller the convention. If he loses, he'll be out of the running.

No one will be very surprised or startled if Kennedy chalks up a decisive triumph in New Hampshire, traditionally the battleground for the first Presidential primary. Everybody expects him to win there and to go to the convention with the solid backing of the delegates from the six New England states.

A triumph for him, however, in Wisconsin or Oregon, or a victory for him over a favorite son candidate in Ohio or California would give the politicians something to think about.

Kennedy's campaigns for the U. S. Senate and before that for Congress for the most part were run by amateurs in politics. The pros were working for him and contributed to his election, but amateurs held most of the prominent positions.

In a way that has been an asset to the politically astute Kennedy, who himself is now a long way from being a political amateur or novice. The amateurs at times got things muddled up, but they also worked with a terrific drive and enthusiasm.

But political amateurs usually don't win national conventions. That's where the Carmin DiSapios, the Dave Lawrences, the Jake Arveys and other big-city politicians swing great blocs of votes which often turn the tide.

Maybe the amateurs in the Kennedy camp, however, may prod some of the professionals into line for the junior Massachusetts Senator. They might do so if they go out in some states and roll up impressive Presidential primary victories.

Massachusetts is not the only state where Kennedy has large groups of amateurs ready and willing to go out and work tremendously hard for him.

He is the kind of public figure who almost automatically attracts the support of people who ordinarily don't take an active part in politics or go out and campaign for a candidate.

Should the Kennedy amateurs defeat the party professionals in some state such as Ohio or California, it could change the complexion of the Democratic Presidential battle almost overnight. That could well happen. In fact, some political experts believe it will happen.

Lodge Favorite Son Presidential Hope

A puzzling observation made by Governor Mark O. Hatfield of Oregon when he came here recently to speak at a big Republican dinner was that UN Ambassador Henry Cabot Lodge, Jr. could become the GOP candidate for Governor next year without impairing his prospects of obtaining a place on the Republican national ticket.

Governor Hatfield may know what he is talking about, although most political onlookers strongly disagree with him and feel that if Lodge consented to head up the Republican ticket in Massachusetts there would be no chance of his then being picked for the GOP national ticket.

One thing which is certain, however, is that if Lodge were nominated for Governor and

then subsequently received the nod to be the Republican candidate for Vice President, the GOP in Massachusetts would be thrown into the same confusion as developed following the sudden death of the late George Fingold on Labor Day weekend last year.

Under the present system in Massachusetts part of the build-up for a gubernatorial candidate comes when he is nominated by his party's pre-primary State convention.

He receives widespread publicity, and the people almost overnight come to know him and all about him.

If he subsequently steps aside, as Lodge would have to do if he were endorsed for Governor and then nominated for Vice President, or dies, as George Fingold did, his party is placed at a disadvantage, and the candidate who assumes his mantle labors under a heavy handicap.

A strong Democratic tide was running last year, and Governor Furcolo undoubtedly would have been reelected under any circumstances. But Charles Gibbs certainly would have made a better showing if he had been endorsed at the State convention in June instead of at a special session of the Republican State Committee early in September.

Bay State GOP leaders would not risk getting into that predicament again if there were any way of avoiding it. Present indications are, incidentally, that Lodge will be a favorite son candidate for President and that the Massachusetts delegation will go to the Republican national convention unofficially pledged to support him at least on the first ballot.

Lodge has little chance of gaining the Presidential endorsement. There is a real possibility that he might wind up as his party's choice for Vice President if Vice President Nixon is the top standard-bearer.

Should New York's Governor or Rockefeller defeat Nixon at the convention for the Presidential nomination, the second spot on the Republican national ticket would have to go to someone from another part of the country for geographical reasons.

Sentiment Increasing For Balanced Budget

Some members of the State Senate are coming around to the view that Governor Furcolo's budget should be balanced before it is adopted and sent to the Governor's desk.

If that policy should be followed, it would mean either that the budget would have to be cut tremendously or that a new form of revenue would have to be provided.

Even the most economy-minded Senators privately concede that the budget cannot be slashed sufficiently to balance it with the present sources of revenue available to the state.

The most optimistic estimate made by any of the would-be budget cutters is that it might be possible to cut as much as \$10 million from the budget.

A slash of that size probably could not be made without reducing the amount of financial aid the State will provide this year to the cities and towns.

Any attempt to pare down the funds which will be distributed to the local communities to be applied against their tax rates would draw a terrific outcry from Mayors, city and town managers and selectmen.

It also is unlikely that Senate President John E. Powers, who expects to be the next

RUTGERS GRADUATE ... Miss Eunice A. Goodman of 236 Waban Ave., Waban, was awarded bachelor of arts degree recently from Douglass College, women's college of Rutgers, New Jersey's State University. The daughter of Mr. and Mrs. Allen H. Goodman, majored in English. She is a graduate of Newton High School.

Hampton School Graduates 4 Boys

Four Newton boys were graduated at the 138th commencement of New Hampton, (N.H.) School last weekend. The boys, who plan to enter college in the Fall, are Peter P. Aronsky, son of Mr. and Mrs. David A. Aronsky of 739 Commonwealth Ave.; Bruce G. Daniels, son of Mr. and Mrs. Benjamin Daniels of 20 Valentine Park; Thomas Grossman, son of Mr. and Mrs. Nissie Grossman of 95 Baldpate Hill Rd.; and Robert B. MacDonald, son of Mrs. Edith MacDonald of 53 Sheldon Rd.

Mayor of Boston, would consent to such a move.

But if a cut of \$10 million were made, which appears improbable, it would still leave the Governor's budget out of balance unless some new or additional taxes were enacted.

What the Senate may do is to pass a special appropriation to finance the operation of the State government for the month of July while it struggles with the problem confronting it.

Ordinarily, a budget is supposed to be adopted before the start of a new financial year on July 1.

As matters stand at the present time it seems unlikely that the budget now pending before the State Senate will be acted upon before the end of this month.

If it were approved before June 30, Governor Furcolo is virtually committed to send it back to the Legislature because he has repeatedly declared that he will not sign an unbalanced budget.

It is possible that the Senate may delay action on the budget until the Governor's limited 3 percent sales tax bill is acted upon by the House.

Members of the House ways and means committee would like to hold up the sales tax measure until the budget is out of the way. Somebody is going to have to do something, however, to break the impasse which seems to be developing.

Governor Furcolo can only hold the budget for five days when it reaches him. At the end of that time he must either sign it, veto it or have it recalled by the Senate.

Obviously the sales tax bill isn't going to be acted upon in a five-day period unless it meets a speedy death in the House. And if it is killed swiftly, that still wouldn't solve the problem.

Some Senators would like to solve the situation by slashing the budget now with the understanding that a deficiency appropriation bill be passed next January or February to provide whatever additional money is needed.

Governor Furcolo and some other legislators, however, want to meet the State's financial problems now, not in 1960 — an election year.

The situation is not an unprecedented one on Beacon Hill because Christian A. Herter in 1955 took the position that he would not sign an unbalanced budget.

Herter at that time, however, was merely insisting that the Legislature extend the temporary taxes to balance the budget. He prevailed even though the House was under Democratic control.

Furcolo's problem is more difficult than was Herter's. The present Governor must obtain either a new tax or an increase in the present tax to balance his budget.

If he holds out, as he says he will, until a legitimate 12-month budget is balanced, it may be a long time before a budget is finally approved.

cise certain of the election practices and procedures in Newton.

Actually, however, the criticism will be leveled at minor omissions and relatively trivial infractions of the election laws which invariably occur in many cities and towns under the stress and rush of election night.

No evidence whatever of any fraud or dishonesty or of any laxity of a serious nature was uncovered by the probing Senate committee.

Qualified political experts declare that the mistakes and omissions by Newton election workers last November would be found in almost any community where a close scrutiny was made in the wake of an election.

The Newton errors and infractions were magnified because the spotlight was turned on them as a result of the Gibbs-Mella conflict.

The blast at the Newton election procedures will be delivered to some degree as a measure of consolation to the disappointed Mella supporters who had hoped that their man would oust Gibbs from his seat in the Senate.

Democratic Senate Leader Maurice A. Donahue of Holyoke is the chairman of the Senate committee which sat in judgement on the Gibbs-Mella conflict. The other two Democratic Senators are Francis X. McCann of Cambridge and William Madden of Lexington. The two Republicans are Charles W. Hedges of Quincy and Harold R. Lundgren of Worcester.

Education Job For All PTA Told

"Parent-Teacher Associations are not enough. We need to have every citizen's group behind education," was the challenge Judson T. Shaplin left with the Regional Conference on Education at the Meadowbrook Junior High School recently. Shaplin, who is a member of the Cambridge School Committee and Associate Dean of the Harvard Graduate School of Education, gave the keynote address for the conference, which was sponsored by the Newton Council of Parent-Teacher Associations in cooperation with the PTA's of Brookline, Concord, Lexington, Needham, Sudbury-Lincoln, Wayland, Wellesley and Weston.

He discussed the development of the new intellectual climate in American education and the problem of separating significant patterns in education from "intellectual faddism."

The new "Team and Television" teaching" was cited by Shaplin as a partial solution to the "perpetual shortage of qualified teachers." He gave as examples the Newton Plan lectures where an especially skilled teacher instructs large groups, and the team teaching at Lexington's Franklin School and Wayland High School. He pointed out the need to release teachers for further training in specialties as well as such other needs as more and better trained personnel for guidance departments.

Shaplin set the pace for live-

themselves" in library problems which are many. Irving Helman, president of the Council, appointed a Budget Committee composed of Daniel Carr, Meadowbrook; James Potts, Angier; Harry Crosby, Underwood; Peter Kahn, Franklin; and Mrs. Samuel Beazer, the incoming treasurer of the Council.

Changes in the school health system were described in a letter from Dr. Harry T. Phillips, Director of Public Health. In the Fall school physicians will "visit their schools regularly to consult with the nurse, principals, teachers, psychologists or other personnel on health matters. This will take the form of scheduled conferences to which health problems can be referred." This service will replace the routine daily medical inspections of children returning to school after illness. Dr. Phillips wishes to emphasize "that the responsibility for obtaining treatment for illness of pupils remains, as before, that of the parents who must decide whether or not to call their family doctor."

Eric Dennard, Superintendent of the Newton Schools, expressed his appreciation of the support given the Newton Schools by the Newton Council of Parent-Teacher Associations.

Now lawn "burn-outs" are things of the past—because regular, controlled watering need never be put off. No hose to reel and uncoil . . . no connections to make . . . nothing to take out and bring in! Just turn a valve, and the sprinkler heads pop up, activated by water pressure, and spray an even, "rainfall" pattern of droplets over your entire lawn. It's right as rain!

Permanent — can't rust, corrode, or decay . . . unharmed by freezing!

Flexible — bends around trees and corners.

Efficient — controls spray precisely . . . into corners, along walks . . . without "mist" or waste!

Rivers School Will Move

Newton residents are among members of the special gifts division of the Rivers County Day School Development Fund campaign making plans of a program to build a new school in Weston.

A group of alumni, parents and friends of the independent boys' school discussed plans recently for starting the drive for funds needed to move the entire school from its present site in Chestnut Hill to the new 31-acre campus on Nonesuch Pond in Weston.

Local residents on the special gifts division include Joseph C. Skinner of 85 Prince St., West Newton; F. Gorham Brigham Jr., of 6 Temple St., Newton; and Mr. and Mrs. Leo H. Hurwitz of 111 Lyman Rd., Chestnut Hill.

Decorated with lights for a week preceding the observance, and a tridium and procession are planned.

The observance will be climaxed by the procession July 19 at 3 p.m. Mayor Howard Whitmore Jr., and Domenic Messina, president of the society, will lead it.

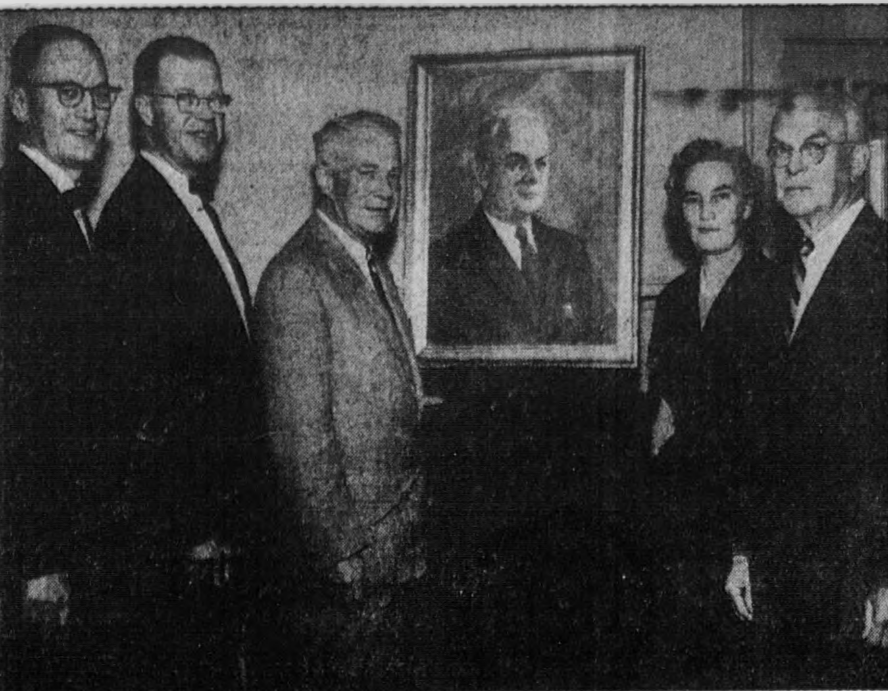

The tridium starts Thursday, July 16, at 7:45 p.m. in Our Lady Help of Christians, and will continue the following two days.

On the 19th, a high Mass will be celebrated at 7 a.m. and residents of Nonantum will receive Holy Communion in the upper church.

The Sunday procession will start at the church, go up Adams St., to Watertown St., to West St., to Middle St., to Chapel St., to Cook St., Green St., Lincoln Rd., Crafts St., Clinton St., Hawthorn St., and back to Our Lady's where a grandstand will be erected.

Presidents of the societies will be introduced by Carmen A. Vitell, master of ceremonies. Rt. Rev. Walter J. Furlong and Rev. Loscocco will speak, as well as Mayor Whitmore.

Assisting are the following committee members: Nazareno Gentile, Annino Gentile, Gerardo Gentile, Benjamin Calra, Joseph Macrillo, Pasquale Marrocco, Luigi DeSantis, Domenic Battista, Pasquale Leone, Loretto Bianchi and Carmen A. Vitell.

Newton Surgeon Is Honored

Retires As Hospital Head After 32 Years

Dr. Ernest M. Daland, noted Newton surgeon, the first and only chief of staff at Pondville State Cancer Hospital, has resigned that post after 32 years of dedicated service.

Marking the epoch occasion, Dr. Daland was feted by his associates last Friday night. Hundreds of doctors whose careers he has aided presented him with a portrait of himself from the brush of Mrs. Otto Aufranc, also of Newton.

However the bestowers of the gift would not allow the noted surgeon to keep the portrait. It hangs in the lobby of the Pondville Hospital.

Last Friday afternoon members of the Daland Society named after the Newton doctor, gathered at the hospital to hear learned presentations on cancer research. Later at a social evening and dinner, the portrait was presented. The artist, Mrs. Aufranc, is the talented wife of a Boston and Newton surgeon.

Dr. Daland has already been uniquely honored by having the medical society named after him while still alive. It comprises more than 250 members, among them some of the most famous cancer specialists in the world, all of whom received their resident training at Pondville since the hospital was established in 1927.

Poison Ivy Season Ahead

Folks have been blaming juvenile delinquents for about everything, but you can't blame them for poison ivy.

Some 350 years ago Captain John Smith wrote:

... Being but touched it causeth redness, itching and lastly blisters, and which, howsoever, after awhile pass away of themselves, without further harm; yet because for the time they are somewhat painful, it hath got itself an ill name.

According to the Newton Tuberculosis and Health Association, more than half a million Americans will get poison ivy this year, with 27 per cent of the cases here in the northeast.

Preparations containing zirconium are recommended by the Association, but to be effective, they must be applied as soon as possible after exposure.

Avoid poison ivy areas when the leaves are green. The whole plant, stem and roots can cause poison. And above all, never try to burn out the poison ivy bed.

Farming Occupation Nashville—About 75 per cent of Tennessee's land is in farms and an estimated 60 percent of the total population is engaged in agricultural pursuits.

"Open House" At Girl Scout Camp on Sunday

The Newton Girl Scout Council day camp, Camp Maryday, in Natick will hold an "Open House" on Sunday, June 21st, between 2:30 and 5:30 p.m.

Director Mrs. Earl Alban, and day camp committee chairman, Mrs. Thomas Lepore, will be on hand to greet visitors. Former campers will be hostesses and will conduct guided tours through the camp grounds.

The waterfront program will be under the direction of Mrs. Phillip B. Wilde, who recently completed an intensive course as water safety instructor. She will be assisted by Mrs. Mark E. Aronson, as assistant director. Also assisting in this program will be Mrs. Nathaniel Rossin and Miss Ann Haffer. A life saving program will be offered to those girls qualified for instruction.

Mrs. Norman A. Smith will be the nature counselor; Mrs. Edward Axelrod will be in charge of music and dancing; program directors will be Mrs. Henry Hassell and Mrs. Fritz Hampe. Mrs. Donald Tompkins will be camp nurse.

The first of three training

sessions for unit leaders was held at the Central Congregational Church in Newtonville last week.

Camp officials announced that there are still some openings for campers in the third and fourth encampments. Those interested can call the Girl Scout Council, 6 Hartford Street, Newton Highlands, at Bigelow 4-3050.

TELEVIEWING THE NEWS

By LEE LOUMOS

Dave King added another record to an already impressive list of "firsts" and "tops" when he slayed with Perry Como's Ransom Productions to star in the "Kraft Music Hall Presents Dave King" a Wednesday colorcast. The 30-year-old comedian is the first foreign personality in broadcasting to be slayed as a star of his own TV series without any previous American TV appearances. King brings with him to the U. S. a brilliant reputation as England's top-rated TV comedian and recording star. Born in Twickenham, near London, King left school at the age of 12, and for the next 2 years worked at an assortment of jobs, including electrician's helper and plumber's helper. His first venture into show business came at age 15, when he joined a traveling group on the English music hall circuit.

A tour of duty with the Royal Air Force followed, during which King had a chance to play character roles in various troop shows. Following his discharge from the R. A. F., King's star rose quickly. One TV success followed another, and in 1953, BBC signed him to a two-year contract as star of his own show. On stage, the English comic spins London night life, preferring instead to relax quietly with his wife, Jean, and their two daughters, Cherylene, two, and Kiana, one. His children's names reflect one of King's pet hobbies: collecting of American Indian lore. Even his dogs have Indian names, Cochise and Geronimo.

And his home in Surrey is filled with hundreds of books on the subject. A subject of interest to many owners of TV sets is how to get better picture reception. Poor reception is often due to either faulty antenna installation or a weather damaged antenna. One of our experienced technicians can soon determine if the antenna is the cause of the trouble. We make a specialty of quality antenna installations and replacements. Call us if your TV set is giving trouble. But, in particular, call us NOW for Pedders' room-air-conditioners, sales and service. Phone BR 4-7240 for a free survey of your cooling requirements.

Girl Scouts Prep For Special Summer Trips

Newton Girl Scouts who have been awarded trips to various special encampments overseas and in the United States this summer were the guests at a luncheon held at the home of Mrs. Joseph S. Kaufman, 219 Chestnut street, West Newton, on Thursday.

The event, sponsored by the Newton Girl Scout Council, enabled the girls to discuss the purpose and events of the various trips to Switzerland, Colorado and Pennsylvania.

Ruth Handler, a sophomore at Newton High School, will attend a Waterfront Activities Camp at Kingsley, Pa. the last two weeks in August. Ruth, who is a junior life saver and enjoys all phases of boating, will study swimming instruction, safety, and games.

For Betty Andersen, 40 Lenox street, this was an opportunity to say farewell to many of her friends before leaving for Europe this week. She has been awarded a three-week stay at Our Chalet, International Girl Scout Headquarters in Switzerland, with a month for travel in Europe. With two other United States girls and two Canadian girls she will sail tomorrow (Friday) for a meeting with Scouts from all over the world.

Leaving July 1 for Colorado Springs are eight enthusiastic Senior Scouts who will attend an International Round-up at the foot of Pike's Peak. Juniors, seniors, and recent graduates of high school, they have spent the past year preparing for this opportunity to exchange friendship and camping techniques with 8,000 Girl Scouts from the United States and 20 other countries. They are experts in tent living and — SUMMER TRIPS — (Continued on Page 8)

\$15 Million Apartment

Construction of a \$15 million high-rise apartment house development in Newton Highlands was a step closer today after the Board of Aldermen approved a new Residence "F" District.

The new "F" district was recommended by Mayor Howard Whitmore Jr. It provides for six-story apartment houses without permission of the aldermen, and higher buildings on approval of the board.

Details of the new venture must be approved by the City before the Macs-Maloney Co. will be permitted to carry out the plan. This concerns construction of a high-rise apartment with a 9-hole golf course and self-contained business services on the old Shaw Estate.

10-Minute Daytime Service For New MTA Transit Line

Rapid transit cars will run every 10 minutes between 7:10 a.m. and 6:10 p.m. on weekdays on the new MTA Highland Branch line, on which service is to start July 4.

Slightly less frequent service will be provided before 7:10 a.m., after 6:10 p.m. and on Saturdays and Sundays.

MTA officials declare, however, that the timetable will be stepped up if public patronage of the new rapid transit line proves heavy enough to warrant it.

From Monday through Friday the first car in the morning will leave Riverside Park street station in downtown Boston at 5:56 a.m.

The last car at night for Riverside will pull out of Park street at 12:10 a.m. on all seven evenings of the week.

On Saturdays the service from Riverside to Park street will start at 6:33 a.m. and on Sundays at 6:50 a.m.

From 6:10 to 7:10 on week-day mornings cars will leave Riverside every 12 minutes.

Decision To Leave Public Office Comes As Surprise

Mayor Howard Whitmore, Jr., in a surprise statement today announced that he will not be a candidate for reelection in November.

His decision will come as a stunning surprise to the people of Newton, most of whom have been assuming that he would be returned to office in the fall and would continue to serve as their chief municipal executive.

It is virtually certain to touch off a political battle royal for the position from which Mayor Whitmore will retire at the end of the year.

Prominently mentioned today as potential candidates for the office were City Clerk Monte G. Basbas, State Senator Donald L. Gibbs, School Committee Chairman Haskell C. Freedman and Alderman Leo M. Cannon.

Norman Moore, former aide to the late Attorney General George Fingold, has intimated at times that he might run. The fact that Governor Furolo recently nominated him for a position on the State Alcoholic Beverages Control Commission, however, is considered to have eliminated him from the picture.

Mayor Whitmore, who is widely respected as one of the most able municipal administrators in the United States, is considered to have done an outstanding job during his five and a half years at the head of Newton's city government.

Notable accomplishments during his administration include:

Establishment of a centralized municipal purchasing set-up.

Installation of a classification, salary and wage plan for city employees.

Development and adoption of a coded form of city budget.

The development of a long-range capital improvement plan for Newton.

Retention of a planning consultant to work out a long-range planning program for the city. Part of that program was approved by the Aldermen Monday night when they established a new high rise apartment zoning district and a modification of the residential "E" district to provide for the accommodation of professional and business offices.

During his service as Mayor approximately \$6 million worth of new taxable property was erected in the city each year, helping to hold down the tax rate and offset the rise in costs of government.

Several new school buildings and additions, including the new South Side High School, have been constructed while he was Mayor.

Mayor Whitmore was educated in the Newton public schools at Newton High School and Harvard College, where he graduated in 1929. He was a star athlete in his high school days and was a pitcher on the Harvard baseball team.

He served on the Board of Aldermen in 1940 and 1941, resigning in 1942 to enter the — MAYOR'S DECISION —

Meets Queen Elizabeth

An introduction to Queen Elizabeth was the rare thrill experience of Mrs. Bernard J. Finan Jr., the former Miss Agness Pells of Newton Centre.

Mrs. Finan met the queen and Prince Philip when the royal party visited Harmon AF Base in Newfoundland where her husband, Col. Finan, is deputy commander of the 4081st Strategic Wing.

Zone Board Denies Merry Land Sale

The Newton Zoning Board of Appeals, in turning down an appeal to subdivide a parcel of land, ruled it would "encourage further cannibalism of the area to the detriment of the neighborhood."

The ruling was in the petition of the Charles E. Merry Co., at 9 Cedar St., Newton Centre, for permission to subdivide to permit sale of a dwelling near its factory.

This was one of three petitions denied by the Board, which granted three others, according to an announcement by the Building Department.

Newton Gets \$84,497 Federal School Aid

Newton School officials were notified by three telegrams Tuesday that the City of Newton would receive \$84,497.02 in federal assistance toward its school expenses.

One telegram came from the U. S. Commissioner of Education; the second from U. S. Senator Leverett Saltonstall, and the third from Congressman Laurence Curtis, all in Washington.

The federal assistance was in response to an application made for the aid several months ago. The telegrams said that \$63,372 will be sent by check within a week or so.

"This money will be under direct administration of the School Committee," said School Superintendent Eric N. Dennard. "It will decide how this money shall be expended; there are always school needs."

"These funds can be used for any school purpose the School Committee decides. It requires no special appropriation by the city."

Study MTA Effect On Traffic

The Newton Board of Aldermen is concerned with the effect that extension of MTA service in Newton will have on traffic, especially parking in Newton Centre.

Alderman Franklin N. Plachner said merchants in the area might suffer because MTA patrons would use all available parking spaces, since the MTA has made no provisions for off-street parking in that area.

Norumbega Boy Scouts Open Camp August 2nd

Ralph B. Johnson, scout executive of Norumbega Council, Inc., Boy Scouts of America and camp director for the council's summer camp, Camp Quinapoxet in West Rindge, N.H., has announced that camp will open this summer on Sunday, August 2.

Mr. Johnson has announced that District Scout Executive, David P. Jones will act as assistant camp director and camp business manager. The program coordinator will be John McCloskey of West Newton.

The waterfront staff will be under the direction of Earl "Skip" Chase. The very successful counselor in training program that was started last year will be continued this summer.

All boys help to plan the program of their troops and are given every opportunity to take part in the many and varied activities offered by the camp. One of the highlight adventures is to climb Mt. Manadnock.

A special program is available to Explorers. Herb McKinney, Jr. is the Explorer Advisor for the Camp's Outpost. The Explorers have the opportunity to take part in extended — CAMP TO OPEN —

Sale Veto Sustained

Mayor Howard Whitmore's veto of an order for the sale of city-owned land was upheld Monday night by the Newton Board of Aldermen.

The Mayor vetoed the sale of Lot 39, Section 41, Block 29 on Eliot street, Ward 5, to Joseph E. Bennett for \$20,000.

Chairman Earl D. Wood of the Finance Committee pointed out that a restriction in the deed under which the city acquired the property bars the city from giving clear title until 1966.

32 Playgrounds Burst Into Young Activity As Season Opens Monday

Happy Newton youngsters will launch the summer season with official glee next Monday, June 29, when the Recreation Department's program sets off eight weeks of supervised activity on the city's 32 playground areas.

Recreation Commissioner C. Evan Johnson predicts one of the gayest and most successful playground seasons this year, with an active and varied program, excellent facilities and trained and competent leaders.

Waban's new, modern Lincoln Playground will be used for the first. The area, though not fully completed, has had constant use so far this spring and should prove to be one of the busiest play areas in the city. The program and personnel follows:

Special events include: City-wide Baseball Championships in Midget, Junior, Babe Ruth, American, National, Industrial and Club Softball competitions; Newton Playground Day at Fenway Park; city-wide Tennis Tournaments; city-wide selection of the Outstanding Boys' and Girls' achievement awards; Play Days and Field Days on individual playgrounds; Boston Children's Theatre Group Stage-mobile at the Newton High School Stadium; Red Cross "Learn To Swim" program at Crystal Lake; Crystal Lake Swim Meet; Story Telling program in cooperation with the Newton Library Department; Bicycle safety clinics in coop-

Mayor's Decision Is Surprise

(Continued from Page 1)

Air Force during World War II. After his discharge from the service at the close of the war, he was elected in 1946 to the Massachusetts House of Representatives where he served for seven years.

He quickly won recognition as one of the most energetic, forceful and competent Republicans in the Legislature.

In 1953 he was made chairman of the highly important House ways and means committee.

Whitmore resigned from the House in the summer of 1953 to seek election as Mayor of Newton.

An unusual testimonial to the esteem in which he was held by the voters of the city was provided by the fact that he was reelected without opposition in both 1955 and 1957.

He is married and the father of two children. His son, Howard 3rd, will enter his senior year at Yale in September. His daughter, Nancy, will enter the third grade in the fall.

While Mayor Whitmore at various times has been urged by influential Republicans to stand for election to the Governorship, it is believed that he plans to conclude his public career at the end of his present term and to enter private business.

It is known that his future plans are still somewhat undetermined but that political considerations did not enter into his decision.

His reelection to a fourth term would have been practically a certainty if he had placed his name on the ballot, and he might have had the very rare distinction of being unopposed for the third consecutive time.

In his statement announcing that he will not be a candidate for reelection, Mayor Whitmore said:

"I have decided not to seek reelection to the office of Mayor this fall. This decision was a difficult one to make, inasmuch as I have enjoyed the work and associations of the office."

"I am grateful for having been granted the privilege of serving and working with the people of this

fine community. Their generous assistance and support are deeply appreciated.

"I wish to thank my colleagues in the official family—my office staff, in particular; the department heads and employees, and the members of the several boards, commissions and committees whose help and advice have been invaluable."

"A Mayor could not hope to be associated or work with a more dedicated group of gentlemen than the Board of Aldermen of our city. To them I owe a special debt of gratitude for their understanding cooperation and personal friendship."

"Likewise, I have enjoyed the friendship and the constructive guidance of the members of the School Committee and the officers, teachers and employees of the school department. Their dedication

and unselfish contribution to the education of our youth is reflected in the high esteem in which our schools are regarded not only in our city but also throughout the state and nation. They have contributed greatly to the reputation of Newton."

"In the remaining months of my term I shall continue my efforts to improve the administration of the city and to perfect and complete the programs which are underway insofar as municipal endeavors can ever be completed."

"In their choice of a successor I am confident that the voters will elect an experienced and able leader of integrity whose every effort will be devoted to true service for all our people."

"The six years I will have served as Mayor of this city will provide many cherished memories for me."

Charles H. Mendell of Foxboro has been appointed manager of the Newton business office of the telephone company, it was announced this week.

A native of New Bedford, where he attended public schools, Mr. Mendell completed his formal education at Seton Hall College before serving with the infantry in the European theatre of operations during World War II.

He has been associated with the telephone company since 1946, serving in a variety of capacities. In 1954 he was made business manager of the Coral Gables, Florida, office, transferred to a similar position in Everett in 1957 and now comes to Newton.

Mr. Mendell has applied for membership in both the Newton Chamber of Commerce and the Newton Rotary Club.

OK \$1 Million For Warren Junior High

The Newton Board of Aldermen appropriated \$975,790 for an addition to the Warren Junior High School in West Newton at its Monday night meeting.

The Board directed that \$60,000 be taken from revenue and the remainder from school bonds.

At the same time, the Aldermen appropriated approximately \$150,000 for streets, water main extensions and sewers.

The Board denied without prejudice an appropriation of \$22,500 for the acceptance of White Avenue, in Newton Centre. This leaves the way open for future action.

On Wednesday, July 1, from 2 to 4 p.m., and on Thursday, July 2, from 9 to 11 a.m., clinics will be held for others.

Slightly more than half of the 3,188 persons inoculated at the four previous clinics were given first doses. Health officials advise such persons to return if possible on the same day of the week as they attended previously, and to bring their pink cards, received at the earlier clinic.

Health officials of Newton also advise that there is still an opportunity for other persons who cannot attend their family doctors to obtain their first shots or later doses of the vaccine, provided these rules are followed:

Second doses will be given those persons who have had only one injection in the past—provided at least a month has elapsed.

Third doses will be given to those who have had two previous injections—provided seven months or more have elapsed since the second injection.

Although the need for fourth or "booster" doses has not been fully established, certain authorities recommend such doses a year or more after third shots have been received.

Newton Dance Troupe To Leave Soon For U. S. Military Tour

Miss Vivian Bold, director of the Newton Conservatory of Dance and Related Arts, is again rehearsing a group of students for a forthcoming government sponsored tour of military installations.

On the last such tour, Miss Bold and her dance group traveled to isolated areas of the Arctic including Labrador, Greenland, Newfoundland and Baffin Island. This time, departing July 12th, for a six-week tour of the Mediterranean area, the schedule includes Spain, Malta, the Azores, Italy and North Africa.

Miss Bold and her company of seven, plan to put on approximately 60 performances while covering a distance of 12,000 miles. The first performance is scheduled for Madrid on July 14th.

They will also perform for military personnel and their families stationed at isolated bases and remote sites in the Mediterranean area. Over 200 pounds of excess baggage in the form of props and special equipment will accompany the show. Miss Bold has created all original choreography for each dance sequence.

In addition to Miss Bold, members of the show include Barbara Shane, recent graduate of Boston University and resident of West Hartford, Conn. She accompanied Miss Bold on their past tour of the Arctic and has been an active performer in the M.I.T. shows.

Miss Shane is familiar to many children of the Beethoven school in Waban, where she did her practice teaching this past season.

The other members of the

cast, all residents of Newton, include Linda Loeb, assistant to Miss Bold at the Newton and Winchester Conservatory, Baylie Rubin, and Lynn Albert, all members of the Boston University class of 1960. Miss Albert was a member of the Boston University Choral Group which toured Alaska last year.

Miriam Shaw, Newton High School class of 1959 and Nancy McDonald and Margaret Wells, Newton High School class of 1960 complete the members of the group.

Vandals Fire School Classroom

Dual investigations by the state fire marshal's office and Newton police were pushed Monday into an incendiary fire in a classroom at the Meadowbrook Junior High School in Oak Hill.

A pile of papers was found charred on a teacher's desk, and the heat damaged the ceiling. Also investigators found that four gas jets and two electric stoves had been turned on in the school kitchen.

Meanwhile, five boys ranging in age from seven to 14 were caught from a total of 15 suspected of being involved in another case of vandalism in the Ward School in Newton Centre.

The culprits had broken a window to gain entrance. Lockers and teachers' desks were ransacked, and some school supplies were taken.

Gas jets and electric stoves were turned on in the kitchen and baking soda, coffee and other ingredients were thrown onto the floor and doused with water.

TELEVIEWING THE NEWS
By LEE LOUMOS

The parabolic antenna has long been in use on such installations as radar and radio-astronomy, but now it seems that they may be getting around to making such an antenna available for owners of TV sets.

Why? Well, such a high-gain, all-channel, u.h.f. antenna concentrates the signal into a feed system. It does this by the nature of its curved screen, which reflects the signal to a focal point. This type of antenna could be a big help in extending the u.h.f. boundaries, but it may be some time before it is seen in general use. Although such an antenna has been developed, there are problems encountered in the feed system that involve maintaining a uniform width for all u.h.f. channels.

We have been advised that these problems have been resolved to a great extent, however, so perhaps the day of a practical parabolic antenna for TV use is not really too far away.

One thing that's real close, no farther than the distance from your home to our store, is top TV service. You never know the difference in quality of TV service until you give us a try. Once you do, there's no need to rave about our service to you. You'll know then what we mean by greater dependability. If you're fed up with inferior service, give us a try soon for a pleasant surprise.

Last year, this man was ready to shut down his small electronics parts manufacturing plant. Small orders weren't enough to make a reasonable profit; and the big orders weren't coming his way because he just didn't have the facilities to handle them. There seemed to be no way out - until he talked with a friendly Small Business Loan Officer at his neighborhood office of the Newton-Waltham Bank. He discovered how many firms of com-

Hurled Two Blocks By Wind; Lives

A former Newton man was carried bodily two city blocks by a terrific gust of wind during a twister which struck North Miami, Fla., last week — and he lived to tell about it.

Army Lt.-Col. Frank Vassalotti, formerly of Grove St., Newton Lower Falls, was vacationing with his 10-year-old son, Frank Jr. They were about to enter their car. Then the gust struck.

A building crashed down on the car, and both son and father were injured. The boy suffered a fractured skull, and brain surgery was performed. The father was treated for shock, cuts and bruises and released from a Miami hospital.

Col. Vassalotti, who is stationed in Alabama, was visiting his mother-in-law in North Miami.

A detachment of Marines under Colonel Robert E. Lee, U. S. Army captured John Brown at Harper's Ferry on October 18, 1859.

Car Suspect Committed

A West Newton man whose alleged stolen car escape threw Newton Corter into a turmoil is in Metropolitan State Hospital in Waltham for 35 days observation.

Alexander M. Davis, 31, of Hicks street, pleaded innocent to a charge of unarmed robbery when he was arraigned in Waltham District Court before Judge Paul K. Connolly.

Police alleged that Davis stole the car of Mrs. Lillian Bornstein of 42 Eddy street, Waltham, sideswiped three others and finally was captured by Patrolman John F. Papalia of Watertown who fired three shots, and Patrolman Michael J. Kennedy of Newton.

After pushing Mrs. Born-

stein aside in Watertown square, according to police, Davis drove off in her car. First he sideswiped one carrying two Watertown men, then a car driven by a Somerville resident, and finally a third car. This one contained Walter E. Reynolds, 41, of Melrose, and Frank E. Underwood, 34, of 28 Manomet road, Newton Centre. Both were injured.

Then the car crashed into a store window in Newton Corner. Davis leaped out, police said, but Papalia brought him down with a flying tackle, as Officer Kennedy joined the battle, and ended it.

From 1880 to 1904, U.S. Marines wore spiked helmets as part of their uniform.

will be confronted with a serious financial crisis early next year if the sales tax is defeated is very great. You would have to dig deeply into the records of the Commonwealth to find a year when the Legislature didn't pass a substantial deficiency budget.

If one is adopted early next year after the sales tax bill is given the heave-ho, there may not be enough money to cover it.

Meanwhile, the House ways and means committee is prepared to give a favorable report to the sales tax bill and send it to the floor of the House for the most important battle of the year on Beacon Hill just as soon as the budget clears the Senate.

With all the poor salesmanship and the failure of many city and town officials to support it, the indications still are that the sales tax has about an even chance of surviving its trip through the House.

Set To Sell Mason School

The old Mason School has been released officially to the city by the Newton School Committee so it can be sold.

Mayor Howard Whitmore, Jr., explained the Board of Aldermen already engaged a real estate agent to see the property.

It was understood, he said, that if a new Mason-Rice school is built it will be paid for in part by proceeds from the sale of the old. The Rice School already has been sold.

Meanwhile, the committee made plans to study needs of the School Department administration staff for more space than is required at its present quarters at 430 Walnut street.

The Mayor said the School Department has asked for more space for the past two years, but so far the request has not been granted.

Following the services, a luncheon was served in the church auditorium.

The new parish is situated near the junction of Routes 128 and 16, a short distance from Route 9, and will serve the Greek Orthodox Christians residing in Newton, Wellesley, Natick, Weston, Wayland, Sudbury, Dedham, Westwood, Millis and Dover.

Political Highlights

out eliminating services which he considers essential.

The eventual fate of the sales tax measure depends to some extent on whether the State Senate cuts the budget to the point where no new or additional taxes are needed to balance the state's books.

To reach that point, the Senate would have to slash the budget in meat-and-bone fashion and eliminate somewhere between \$15 and \$20 million in proposed expenditures.

If that happens, those legislators who are unwilling to vote for a sales tax except as a last resort will line up against it, and the proposal will be virtually doomed to defeat.

A reduction of that size in the budget and a rejection of the sales tax measure will put Governor Furcolo squarely on the spot because he knows that if \$15 million is cut from the budget now, most of it will be restored in a deficiency appropriation next January or February.

Furcolo's dilemma in such an event would be that while the Legislature would authorize the expenditure of millions of dollars, it undoubtedly would also leave it to him to find the money to pay the bills.

If the Legislature balks at adopting a sales tax this year, there's no chance whatever that it will approve one in 1960 — an election year.

The truth of the matter is, however, that the advocates of a sales tax have done a poor job of selling their proposition to the legislators and to the general public.

An impression has been created that the need for a sales tax hinges on whether the state budget is out of balance and that the necessity for a sales tax would be eliminated if the budget could be chopped down to the point where it could be balanced without additional taxes.

The fact is that the sales tax is primarily intended to provide a new source of revenue for cities and towns in order to curb the upward climb of local tax rates and stabilize the rates.

A great deal has been written and said about the need for improving the business climate in Massachusetts in order to attract new industries and provide jobs for young men and women graduating in increasing numbers from high schools and colleges.

One of the factors which discourages national concerns from establishing branch plants in Massachusetts is the high tax rates in almost all communities and the prospect that they will go higher.

If it develops that the State does not need as much as \$10 million from the sales tax to balance its budget, a greater amount could be distributed to the cities and towns.

A provision could be written into the sales tax measure that the Commonwealth would take only what it needs but not more than \$40 million and that the remainder would go to the local communities.

Perhaps a portion of the sales tax returns could be used to halt the steady rise in the automobile excise tax which is mounting to ridiculous proportions.

The main argument for a sales tax is, or at least should be, that it would reduce local tax rates, result in the creation of more jobs and by so doing improve the prosperity of the Commonwealth and its citizens.

The only trouble is that argument hasn't been employed to its fullest extent.

City and town officials who for years have been crying for a new source of revenue to lighten the burden on real estate owners, with a very few notable exceptions, have not rallied behind Governor Furcolo's sales tax bill as it was expected they would.

Local jealousies have cropped up and squabbles have occurred because the sales tax bill places a ceiling on the amounts Mayors and Selectmen can spend but doesn't impose the same restriction on School Committees.

Partisan politics also is playing a part in the maneuvering over the sales tax measure. Republican legislators, who back through the years have been stressing the need for a sales tax, are groping for excuses for voting against the bill sponsored by a Democratic Governor.

Some GOP politicians on Beacon Hill declare privately that they hope the sales tax is defeated and that the State gets into a financial mess because it would improve the chances of a Republican comeback in next year's State election.

Newton Man Sponsors Cancer Study Project

A well known Newton citizen and Boston businessman, Maurice Gordon, of 400 Waverly avenue, has sponsored a grant to support a cancer research project seeking a new serum for the early detection of lung cancer.

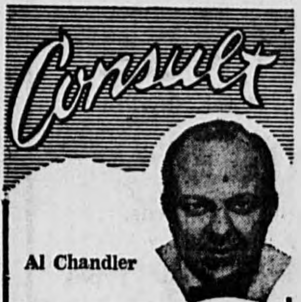

Mrs. Bugbee Is Made Director Of "Homestead"

The grant has been made to the Bio-Research Institute of Cambridge according to the organization's president, Dr. Freddy Homburger.

The fund, made possible by the Newton man, will be used for the construction of a special cancer-detecting apparatus designed by Dr. Peter Bernfield, director of research at the Cambridge Institute.

The unique machine prepares unaltered pure serum fractions which will serve to accurately diagnose lung cancer in human beings. Its development is an outgrowth of a cancer research project being conducted by Dr. Bernfield in co-operation with the Overholt Clinic under a United States Public Health Service grant.

Mr. Gordon, president of the Sherry-Biltmore Hotel, studied at Suffolk University Law School and at the New England Conservatory of Music.

Mrs. Nathan D. Bugbee has been appointed a member of the board of trustees of the Jackson Homestead by Mayor Howard Whitmore, Jr., according to an announcement by the board this week. She will replace Mrs. Newell J. Trask who recently resigned.

Other members of the board of trustees include, Mrs. F. Leslie Ford, chairman; Fred C. Alexander, Frederick S. Bacon, Miss Adelaide B. Ball, Prof. Kenneth A. Bernard, and Richard H. Lee.

During the ten years that the Homestead has been Newton's only museum and historical research center, seven city-appointed trustees have been responsible for the policies of the house.

Under their guidance, programs of great interest and distinction have been offered to the public, with special attention to children.

A national Award of Merit, given by the American Association for State and Local History last summer, was the direct result of the trustees interest in helping the young people of the community.

By September, when the house activities start anew, there will be renovations made to add to the charm of the building. Re-papering and painting will be done in the upper and lower halls, with stencils in the bedroom prepared and applied by Mrs. Orin E. Skinner.

During July and August the house will be open to the public on Tuesday, Wednesday and Thursday afternoons from 2 to 4 o'clock.

Home Medical Care Program Study Is Underway In Newton

A report on the study of Home Medical Care and the need for such a program in Newton was made by Mrs. E. Tyler Parkhurst, Study Committee chairman, at a recent meeting of the Newton Community Council Governing Board, Harry L. Walen, President, announced today.

The study committee which has been meeting since December has made considerable progress in reviewing some of the existing 50 Home Care Programs in the country, making an inventory of existing resources in Newton, which might be used in such a program and developing a tentative plan for a Home Care Plan in Newton.

A Home Care Program, as defined by the Council on Medical Services of the American Medical Association, "is that phase of comprehensive medical care which, through coordinated efforts, is designed to meet the individual medical, nursing, social, rehabilitative, and economic needs of those patients who may be treated at home."

Organized Home Care brings all forces together on behalf of the patient ill at home, in a coordinated fashion to prevent fragmentation of services.

Home Care Programs are able to meet the needs of a growing number of chronically ill and aged patients who do not require institutional care but are occupying institutional beds because a more suitable place for care is lacking.

Such a program offers to the homebound patient a coordinated spectrum of medical, social and rehabilitative services individualized to his particular needs. It also helps speed the recovery of those patients to whom the family environment would have a therapeutic effect.

Home Care Programs are also able to provide the private family physician with a single source from which he can obtain a comprehensive array of nursing, social and rehabilitative services for his patient.

Recent additions to the membership of the study committee are Dr. Herbert S. Morrison, representing the Newton-Wellesley Hospital Medical Staff, Dr. Edward J. Saw-

Sprinklers For Newton's Nursing Homes

The 26 private nursing and convalescent homes in Newton, which house from six to 26 elderly residents each, have two years during which they must install sprinkler systems as a safety measure.

The Board of Aldermen adopted an amendment providing for the sprinklers to the city's building code.

The change followed a year's study of fire regulations in other communities, made by Alderman William P. Ripley of Newton Centre.

He was aided by Chester I. Babcock, manager of the department of fire records of the National Fire Protection Association, and Dr. A. Daniel Rubenstein, state director of public health, both residents of Newton.

ver, representing the Charles River District, Massachusetts Medical Society and Mrs. Joseph C. MacDonald, Newton Council of Churches.

No final report is expected from the study committee until this fall or winter.

LEGAL NOTICE

THE COMMONWEALTH OF MASSACHUSETTS
Middlesex, ss. LAND COURT
To the Honorable the Judges of the Land Court of the Commonwealth of Massachusetts.

Respectfully represents Margaret G. Thibodeau of Newton, in the County of Middlesex and said Commonwealth; that she is the joint-tenant of a certain lot or lots with the buildings thereon, situate in Newton, in the County of Middlesex and said Commonwealth, and situated on Lexington Street and now numbered "77" on said street, said parcel being bounded and described as follows:

Beginning at the Northeast corner of the granted premises on said Lexington Street, and adjoining other land now of said Harris and formerly of Peterson, thence running SOUTHERLY on said Lexington Street a distance of approximately 67 feet to a stake and thence either land now or formerly of said Peterson; thence turning and running WESTERLY 409 feet less to swamp or low lands; thence turning, and running NORTHERLY 67 feet to a stake and thence running EASTERLY in part by said Peterson and in part by said Harris a total distance of 409 feet to the point of beginning on said Lexington Street.

That said record title to said lot of land is clouded by a mortgage given by J. D. Crocker, to Seth Davis, dated May 16, 1871, and duly recorded in Book 1141, Page 267, and subsequently assigned to Otis E. Hunt, dated May 7, 1874, Book 1411, Page 418, purporting to secure a note for \$250.00 in years, \$250.00 in 2 years, \$250.00 in 4 years, and a further mortgage given by Ann Lester to Harriet Crocker dated March 27, 1874, and duly recorded in Book 1303, Page 3 and subsequently assigned on January 1, 1875 to Patricia G. Hopkins, duly recorded in Book 1331, Page 235, purporting to secure a note for \$100.00 with interest, annually which mortgage appears to be undischarged, unassigned and unenforced.

That the mortgage named in said mortgage and those claiming under have been in uninterrupted possession of said land for more than twenty years after the expiration of time limited in said mortgage for the full performance of the condition thereof.

WHEREFORE your petitioner prays that after appropriate notice a decree may be entered on the foregoing allegations, as authorized by Section 15, Chapter 240 of the General Laws as amended by Chapter 28, of the Acts of 1924, s/ Margaret G. Thibodeau.

On this twenty-seventh day of May, 1959, personally appeared before me the within named Margaret G. Thibodeau known to me to be the signer of the foregoing petition, and made oath, that the statements therein contained so far as made of her own knowledge are true and so far as made upon information and belief that she believes them to be true.

Before me,
s/ Joseph D. Clancy,
(SEAL) Notary Public.
My commission expires June 16, 1962.

charcoal cooking and expect to spend much of their time comparing life in Newton with that in other parts of the world.

They will leave souvenirs of Newton with their new friends: handcrafts made by Brownies and Intermediates of Newton, and small items donated by local business firms.

Living in tents decorated with the City of Newton Seal and a scene of Echo Bridge, they will form a troop with units from New York, Texas and Ohio, under a leader from Iowa.

Each girl has been prepared to use any every-day phrases in French, German, Spanish and Japanese to facilitate communication with her foreign neighbors.

While at the encampment the girls will visit the U.S. Air Force Academy, the Garden of the Gods, and will spend a day

at a real western ranch. The Newton patrol will comprise: Carolyn Barrette, 285 Franklin street, Newtonville; Carol Barthberger, 518 California street; Roberta Books, 5 Fellsmere road, Newton Centre; Sheila Donohue, 33 Madison avenue; Joan Garrey, 39 Orchard avenue, Waban; Patricia Jones, 61 Page road, Newtonville; Barbara Kohler, 137 Washington street; Margaret McLean, 30 Washburn street, with Judith Manning, 62 Elmore street, Newton Centre as alternate.

Mrs. Janis Kalnajs, 55 Ashton avenue, field director for the Newton Girl Scouts will join the Round-up as an international troop leader over girls from Illinois, Pennsylvania, California, Kentucky, and Tennessee.

Miss Nancy Derr, 280 Quinhequin road, will act as headquarters aide.

Adult Scouts present at the lunch were Mrs. Dwight Merrill, president; Miss Elizabeth Richardson, executive director; Mrs. Janis Kalnajs, field director; Mrs. John Schweiger, Mrs. Norman A. Smith, vice-president; Mrs. Arthur T. Gregorian, Mrs. Samuel Handler, Mrs. Carl H. Alvord, Mrs. H. Larry Margolis, and Mrs. Thomas Hughes.

Speaking for the Council Mrs. Merrill said she was very proud of the Senior Scouts and their achievements. "They are the living example of what Girl Scout stands for. We hope they will come back from their experiences of the summer and spark the rest of the Newton Girl Scouts to similar achievement."

Pen Women Hear Success Stories Of 2

The story of 18 years spent in India, teaching and doing social work with her minister-husband was told by Mrs. Edna Long of Auburndale to members of the Wellesley Branch of the National League of American Pen Women.

Mrs. Long, a new member, was introduced by Mrs. Glenn MacLeod, of Waban, President, at the final meeting of the current season, held at the home of Mrs. David Hall of Wellesley Hills.

Mrs. Long told how she began writing while at Oberlin College, how she became a cub reporter on a Kansas City daily.

After her marriage she joined Rev. Loy L. Long in teaching in the International School in India for two years. This was followed by 18 years in Bombay State where they organized social welfare.

During the 1937 famine in India Mrs. Long discovered the use of the fibre of the sisal plant for making shoes and bagging material. She and her husband organized Cooperative Markets.

For her work with the Indian people, Mrs. Long received the Distinguished Service Medal from the Indian government. Her husband's work as Personnel Director for the American Board of Foreign Missions, brought them back to Boston, where Mrs. Long now writes news stories of the accomplishments and successes of Indian students in this country.

She also contributes to many church and other periodicals in the United States, as well as in India, many of them formerly being written by her in the Marathi language.

The second speaker of the afternoon was also a new member, Mrs. George W. Palmer, of Newton Highlands. As an artist, she told of her career in the Mass. Normal Art School, then as a commercial artist. Giving up art for eleven years after her marriage, Mrs. Palmer resumed painting, and exhibits presently in many showings. She specializes in portrait and floral painting.

Mrs. Alice Cooper Bailey of Weston, Past-President of the Honolulu Branch of N.L.A.P.W., fascinated the members with the story of her early life in Hawaii, her successful stories of Holland, and a forthcoming book which will appear in January. She collaborated in producing "Hawaiian Diary" or tourists. It was her father who first had the idea of a University in Hawaii, and Mrs. Bailey remembers attending the University as a special student when the enrollment numbered twelve.

On March 25, 1861, a Confederate Marine Corps was organized in Richmond, Virginia.

School Busses-

(Continued from Page 1)

Mr. Dennard said the Committee made an exception in this case because of the traffic hazard.

"Some streets in the area do not have sidewalks," Supt. Dennard said. This decision here was based on the health hazard, really the traffic hazard involved.

"In the meantime, we are going to make a careful study of this area to determine routes where there are enough sidewalks to see what might be done to eliminate this safety hazard."

He said the decision in the Spaulding School case also was an exception. The Committee decided to provide transportation for 6th grade pupils from the Dudley rd. area of Oak Hill to the Spaulding School.

"This is a case of having to move children from their home district to another district, and the committee feels it has a responsibility of transporting sixth graders from Oak Hill," Supt. Dennard said.

The School Committee's announcement followed a public hearing held Monday night at Newton High School, which Supt. Dennard attended, and which was presided over by Committee Chairman Haskell Freedman.

The Committee announced several weeks ago that bus transportation to the Countryside School would be dropped this Fall. Parents mobilized at once and presented a petition signed by 300, protesting the action.

Parents of the area were represented by Dr. Charles D. Bonner of 80 Parker ave., chairman of the health and safety committee of the Countryside School PTA, and Atty. Jay Fialkow of 58 Elmore rd., chairman of the legislative affairs committee.

The school is approximately 1 1/2 miles from the Charlemont area, but since the children come home for lunch at noon, this amounts to a daily hike of some six miles.

Dr. Bonner told the committee of the increased traffic on Winchester st., because of the increased population in the town of Needham "and the increased activity at the Newton and Needham industrial centers."

"Winchester st. has become a main thoroughfare," Dr. Bonner said. There is no posted speed limit, no police supervision and traffic moves at an excessive rate of speed.

"In recent years there have been two major accidents, one

Newton Girls Are Graduated From Skidmore

Martha Ann Dedrick, daughter of Mr. and Mrs. Floyd F. Dedrick, 5 Wenham road, Newton Highlands, majored in French. She was president of the French Club, and also served as vice president and secretary of that organization. She had been a member of the International Relations Club and Student Teacher's Association. She took part in the Junior Show, and worked on both the curriculum committee and fellowship fund.

Joan Ellen Marcus, daughter of Mr. and Mrs. Harold L. Marcus, 50 Quincy road, Newton, majored in history.

She served as chairman of the National Students Association, and was a member of the student curriculum committee. She was a member of the International Relations Club and also took part in the Junior Show. She served on the Mock Security Council and took part in the 1958 Bennett College exchange program.

causing the death of four adults and another causing serious injury to a school child.

"There is also an open aqueduct crossing Winchester st. which in our opinion is an attractive nuisance to young children. Parents in the immediate area know of this danger and proper supervision is afforded after school."

"However no supervision would be available to children walking to and coming home from school. Certainly the normal 'horseplay' of school children near this aqueduct could cause a horrible disaster."

Dr. Bonner also spoke of inclement weather in winter, and the lack of time for proper eating of lunch if children had to walk both ways.

Another speaker, Dr. Philip N. Richmond of 155 Christina st., urged the Committee to delay action until some alternate plan could be prepared.

Chairman Freedman mentioned the possibility of constructing a walking path from Winchester st. to Upland ave., which would shorten the route to the school.

Jackie is believed to have the best record of any amateur boxing champion in history. He fought 475 amateur bouts and lost only four of them. He was New York City and New York State champion before moving to Newton.

He became a professional in 1926, was handled by Jack Moore, who helped train such famous boxing champions as Gene Tunney and Benny Leonard.

A left handed, flashy crowd-pleasing fighter with a terrific right hook, Donohue matched punches with such ring stalwarts as Sammy Fuller, Tony Canzoneri and Chick Suggs at the height of his career.

His manager was Johnny Buckley, who is still active in boxing affairs. Sports writers who remember Donohue declare that he had a baby face and a pair of fists which flew like machine gun bullets.

Through those Newtonites who met him in Florida, Jackie sent his greetings to all his friends in the Garden City.

Likens Lungs to Oranges, Links Cancer to Smoking

"The lungs are like an orange; one segment can be removed without interrupting the continuity of the whole," explained Dr. Emil Rothstein, a director of the Newton Tuberculosis and Health Ass'n., and Chief of Tuberculosis Service at the Brockton Veterans Administration Hospital.

Dr. Rothstein and Dr. Edward J. Welsh, both of Newton, spoke at a training institute on respiratory diseases sponsored by the Mass. Tuberculosis and Health League, and the Mass. Conference of Tuberculosis Workers.

Both stressed that cigarette smoking and lung cancer are related.

"It is true," said Dr. Rothstein, "that heavy smokers have 50 times as much possibility of lung cancer as non-smokers. This has been positively proven by autopsy studies of the victims." Dr. Rothstein stressed that the relation of smoking and lung cancer should be studied simultaneously with the relation of air pollution and lung cancer.

"Thirteen thousand people die annually from lung diseases caused by the inhalation of polluted air," stressed Dr. Welsh. Attending from Newton were Miss Hilda G. Hope, executive director of the Newton Tuberculosis and Health Ass'n. and her assistant, Mrs. Robert Hardina, Thomas Browne, Middlesex Health Ass'n., Louis Carvelli and Gerald Rogovin, both of the Mass. Tuberculosis and Health League.

RETIREMENT HOME
DEDHAM \$9500
LARGE LOT — small house, this 4 1/2 room home is ready for occupancy. Folks have gone out of state and have asked us to dispose of their property. We believe this is an ideal home for the retired couple because of its peaceful setting on an 15,000 sq. ft. lot set far back off the road, yet on a finished street in a good location of well-kept homes. Because of the size and style (Ranch), we feel once the home is in Al condition it will take a minimum effort of 100 dollars and heat. There are now 2 small bedrooms which could be easily converted into a 3rd bedroom. Large enclosed sunporch that is now being used as a bedroom, 1 modern bath, attractive living room and comfortable sized kitchen with adjoining utility room. There is a detached single car garage. This 1 1/2 yr. old home is neat on the interior, but requires painting on the outside. Garage and rear of the house requires siding (this job was never finished).
